Superintendent

Katie DeRiso
Business Administrator

Dear Washington Township Families,

As we settle into another exciting school year ahead, I want to extend a warm invitation to join me for a **Superintendent's Cafe**. This is my first September here and I wanted to extend the opportunity for our community to come together, share thoughts, and discuss what matters most: our children's education.

The Superintendent's Cafe represents my commitment to maintaining open lines of communication with the families we serve. These meets are intended as relaxed, conversational gatherings that provide a welcoming partnership where parents, guardians, and community members can engage directly with me, ask questions, share concerns, and celebrate our collective achievements. I will schedule more as the school year progresses, and provide evening hours as well.

Join us:

- **Date:** September 4, 2025
- **Time:** 9:00 am
- **Location:** Long Valley Middle School - Library
- **Format:** Casual conversation over coffee and light refreshments
- **Sign In:** Please sign in at the LVMS Main Office

No formal agenda will drive our conversation, as this will allow your questions and interests to guide our discussions. This collaborative approach ensures that we're addressing the topics that matter most in our district.

I encourage both longtime residents and families new to our district to attend. Your diverse perspectives strengthen our educational community and help us better serve every student in Long Valley.

Our district's strength lies in the partnership between home and school. The Superintendent's Cafe embodies this collaborative spirit and reinforces our shared commitment to providing exceptional educational opportunities for every student.

I look forward to seeing everyone!

Educationally yours,

Antonella Lind, M.A.Ed.
Superintendent of Schools
