Tips for effective testimony:

1. Make sure to state your name, neighborhood, and a personal experience.
2. Pick 1-2 talking points below you are passionate about. Don't try to cover all the points.
3. Practice your testimony so you can speak slowly and clearly and end at 1 minute.

Talking points

Tips: Rely on your story and your experiences with the issue and ***pick only 1-2 of these talking points*** to use. Say you're a volunteer and where you live. Personal stories are the most powerful tool that you have in pushing policy forward. Use these in your phone call and email. Remember you only have 1 minute to speak. You may also use this as e-comments in the webform.
