With that said...

Here's some information!

Schedule

- *If I take a long time posting, I Apologize In advance. With my Mental Issues, Medication, Lack of Sleep, Happiness Etc. As well as School/Activities, Family, Friends and or Relationships and to try focusing on my own Needs, which Is difficult being this Mentally Challenged. It can be hard to have a Productive Schedule as I'm In deep Mental Issues, causing me to most of the time only be able to handle and focus on Eat, Breathe, Sleep, Repeat. And even that Is difficult In this state. I do Editing for fun, but I tend to get Guilt for not giving Content, because I DO want to post. I have Disabilities, among my Mental Issues. Which Is definitely a reason It's difficult to Begin on making an Edit or doing anything I enjoy.*

- *I am a Multi-Editor/Multi-Fandom. And with that being said, that means I post Edits and Content from All Different kinds of Fandoms. Some I post more of, maybe because I like those Fandoms way more or because Content to Edit Is easier to get, but Mostly the Lack of Motivation which makes me do Less Edits which doesn't leave space for me to post from Every Fandom. I post whatever Idea I get when I gain motivation, so since I don't Edit as often as I used to, means that I Edit what comes to mind when I Do get Motivation. I still Engage and Love the other Fandoms, just not posting as much Content. But If you know me Personally you will see that, outside of posting Content im very involved In fandoms and love them VERY dearly.*

- *(Side note) I am an Editor, Artist, VA, Gamer, and someone Active In VR Communities, Games like Overwatch, Fortnite, Roblox, Poppy playtime, Sonic Etc. This means that when I do have Motivation for something It Isn't ALWAYS to Edit. Sometimes It's something else like game and game grinding or art and whatever else I feel like. I also have a Few (Very Few) people In my Life, sadly. And im someone who puts others first so sometimes they might "need" me in some way. But yknow I have a Big Heart, so even If I at some moment want to Edit, sometimes they Want or Need me, and since my heart Is so big for Everyone, I just have to be there. I love my People so Much no matter what I go through. (ㅅ´ ˘ `)*

Time Zone

- *I am In GMT+2 Sweden.(ಥ _ ಥ)*

- *I have a Terrible Sleep Schedule, so It's very random When I Sleep and when I'm Awake.*

Communication

- *I love Communicating with my Fans or People who enjoy One or Many of my Edits. I love getting Comments on my Videos, and I try to respond to as Many as I Possibly can as long as they are In English or Swedish! So yes Please send Comments on my Videos, I love to read them!¿□☼◠‿◠ ◡ ◠ □☼◠‿◠ʖ*

- *If you're a Fellow Murder Drones Fan, Poppy playtime or maybe a Sonic Fan, or Any kind of Fan of the Content I post or enjoy and you're looking for a 'Possible' Friend then send a Message Request on TikTok or friend request on Discord about It!*
- *(Rules) There are some Rules to follow Before deciding to possibly be a Mutual.*
- *Age: Have to be around 18 as I am a Minor and Do Not want to Be-Friend an Old Man or a 7 Year Old, as someone who Is 18!*
- *No Contacting for Trolling or Any Type of Harassment. Be a Good Person and a Serious Person for I am looking for Friends who will last, I need friends to share my Dogday personality with.*
- *One App that Is a must to have Is Discord, because that Is the Only Social Media Platform that I am truly Active on when it comes to chatting. Be somewhat Active on Discord and Talk/Vc me much when me and you are Available and want to! Don't Ignore me/Ghost me or mean etc because I want good relationships with people :c*
- *Try to have Similar Interests, maybe not all but Be Open to my Rambling about them and possibly giving It a Chance Yourself.*
- *Try to have Games so that we have stuff to do. Like for Example: Minecraft, Fortnite, Roblox, Dbd, Overwatch, Vrc and More.*
- *I am a person who enjoys Vc a Lot, I like Texting but VC's even more. If you have Vrc that works too as I like hanging out there in Various Worlds.*
- *I may not Always be able to Vc, either because of Sleep, Family Etc. But sometimes I get pulled away by Other Mutuals, sometimes something Important. That Doesn't mean you don't Matter to me, good friends and people i care about dont really leave my mind all too much. Also Remember I Forget to Check Dms a Lot, and Sometimes Struggle with Starting a Conversation if i know the response will be dry or nonexistent.*
- *I Don't want to Associate with R*pists, Bullies, R*sists, H*mophobic People, S*xists, P*dos, Zoophelia Folks, Weird/Cringe/Mean People Etc.*
- *(As for Any Rules I may have Missed) Just try and be a 'Normal' Person. Just be Nice, treat me how You want to Be Treated and Follow Basic Human Rights and Norms.*
- *Oh and please let me and only me be my fav characters the ones that mean so much to me on a daily basis like Dogday ESPECIALLY because i want friends who like other characters than the one i see myself in and i share lots of love for and similarities to them.*
