

Call for Journal Papers

The 21st International Conference on Multimedia Information Technology and Applications (MITA 2025)

MITA 2025

Journal Track (JMIS – Journal of Multimedia Information System)

We are pleased to announce a special **Journal Track** for the 21st International Conference on Multimedia Information Technology and Applications (MITA 2025), in collaboration with the **Journal of Multimedia Information System (JMIS)**.

This track is designed to offer authors the opportunity to submit **high-quality research papers** for potential journal publication, while still participating in the MITA conference through oral presentation.

Dual Publication Track

Papers submitted to this track will undergo peer review for potential publication in the **Journal of Multimedia Information System (JMIS)**. Authors of accepted papers will be invited to give **oral presentations at MITA 2025**, and only the **abstracts** will appear in the MITA proceedings. **Full papers** will be **published in JMIS**.

Even if a submission is not accepted for journal publication, authors may still have the opportunity to present at the conference and have their **full papers** published as part of the **MITA Conference Proceedings**.

Topics of Interest

The journal welcomes contributions across a broad range of multimedia-related topics, including but not limited to the following:

Section A:

- Multimedia System and Storage
- Multimedia Data Management, Big Data & Analysis
- Computer Vision, Image/Video Processing
- Augmented and Virtual Reality
- Human-Computer Interaction (HCI), UI/UX Design
- Advanced Machine Learning

Section B:

- Multimedia Communication and Streaming
- Image/Video Compression & Video Coding
- Multimedia Security & Sensor Networks
- Distributed Multimedia Computing
- Content-on-Demand (CoD)

Section C:

- Social Multimedia, Games, and Interactive Media
- Computer Graphics, Smart Education Technology (EduTec)
- Internet-of-Things (IoT), Cognitive Media

Section D:

- Multimedia Ethics and History
- Mathematical Logic for Multimedia
- Smart Healthcare Services
- Devices, Circuits, and Applications
- ICT Convergence and Broadcasting Policy
-

Submission Guidelines

- Manuscripts should follow the **JMIS submission format**.
 - Papers of **4 pages or fewer** will be treated as **Brief Papers**.
 - Papers of **5 pages or more** will be treated as **Regular Papers**.
- Please refer to the detailed submission guidelines: [JMIS Author Guidelines](#)
- Submissions must be made via the online portal: [JMIS Submission Site](#)
- Be sure to select "**MITA 2025 Journal Track**" as the submission type.

Review Process & Decision Categories

All submissions will undergo peer review and receive one of the following decisions:

1. **Accepted** – The paper is accepted for publication in JMIS and oral presentation at MITA 2025 (abstract published in conference proceedings).
2. **Major/Minor Revision (as JMIS Journal Paper)** – Authors may submit a revised version for a second round of review.
3. **Accepted as MITA Conference Paper** – The paper will not be published in JMIS but will be included in the MITA 2025 conference proceedings and presented at the conference.
4. **Rejected** – The paper is not accepted for either journal or conference presentation.

Important Deadlines

- **Paper submission deadline: ~May 19, 2025** (Hard deadline)
- **Initial notification: ~June 9, 2025**
- **Revise and resubmit deadline: ~June 25, 2025**
- **Final notification: ~July 10, 2025**

- **Camera-ready version due: ~July 16, 2025**
- **Conference presentation: July 21-24, 2025**

Contact

For questions regarding the Journal Track, please contact the JMIS Editor in Chief, Jiwoo Kang (jwkang@sookmyung.ac.kr) or administrative office (kmms1@kmms.or.kr).
