The blocks in this quilt are very easy to sew. They all are constructed by sewing smaller squares onto a bigger square. The challenging part is the layout of blocks and keeping everything in order. It will be so much easier if you be sure to mark each block. Be sure to have a marking pen that is easily visible on both light and dark fabrics.

If you feel confident go ahead and cut out your pieces before class. Be sure to label each piece.

If you have any questions please text me. Looking forward to seeing you in class!
