

Naviance

SimiValleySchools
SIMI VALLEY UNIFIED SCHOOL DISTRICT

Naviance is a web-based program for academic planning, college, and career research. This system is available to **6th-12th** grade students in the Simi Valley Unified School District. Naviance encourages self-discovery and helps students and families connect what students do in the classroom to their life goals by assisting students in finding colleges and careers based on their personal skills and areas of interests. We encourage students and families to explore the wealth of information contained in this incredible resource. Each year, Counselors and Teachers cover career and/or college lessons accompanied by Naviance activities specific to student grade level. [Click here to view the District Activities!](#)

Logging in to Naviance:

Students:

1. To visit Naviance, use an Internet browser to connect to:
