

LINCOLN SCIENCE CENTER AND PLANETARIUM PRESENTATIONS

Below are links to middle and elementary shows that I have created or could create to meet the standards of that grade level. There is also a list of movies that you could watch as well. A typical show would be 15-20 min of intro, 15-20 of part of a movie, and then 15-20 of interactive learning (totalling about 50 min). You are more than welcome to pick one of the shows available, or if you have an idea for a show just email me and we can figure something out. You can request just to come and watch a movie. For out of Spart 6 schools, it is \$5 a student.

HOW TO RESERVE A DATE AND TIME

1 - Look through the available shows: [Middle School](#) [Elementary School](#)

2 - Find an available date and time: [schedule](#)

3 - email Scott Taylor: taylorvs@spart6.org

- If you do not receive a google calendar invite, a reservation was not made

OTHER HELPFUL INFORMATION:

- The planetarium can seat 108 at a time. Multiple days or multiple shows in one day are available
- If you do not see a show you like, email Scott to work out a new show
- other times are available for field trips than the one listed on the schedule. It is possible to meet earlier or later if necessary
- Spart 6 Field Trip Request [Procedures](#)
- D6 TEACHERS AND PRINCIPALS = Failure to follow the procedures above will more than likely result in transportation not being secured.

BEHAVIOR EXPECTATIONS

- Teachers please go over these expectations prior to your show

1- Keep your stinky feet off my chairs

~ sit properly in your seat with your bottom all the way back and leaning back into the seat

2 - If I am talking, you are listening

~ I do not want to stand up front and talk the entire show. I want to interact with the kids. They do not need to raise their hands as long as they are having a conversation with me. As soon as I start talking, the students should get quiet.

3 - No eating or drinking in the planetarium, this includes gum and candy

ARRIVAL AT THE PLANETARIUM
