

Frankincense Massage Oil

Product Analysis

Frankincense Massage Oil combines nourishing plant-based emollients with therapeutic essential oils to deliver both skin benefits and sensory wellness. At its core, *Vitis vinifera* (grape) seed oil and caprylic/capric triglyceride provide a lightweight, fast-absorbing base that hydrates and softens without clogging pores. The standout ingredient, *Boswellia carterii* (frankincense) oil, is known for its grounding aroma and reputed anti-inflammatory, skin-regenerating properties—making it ideal for soothing tension and supporting skin renewal. Complementary essential oils like lavender, geranium, and sweet orange enhance the aromatherapeutic experience, promoting relaxation, emotional balance, and a subtle uplift in mood. The result is a multi-functional massage oil that not only facilitates smooth application and muscle relief but also elevates the ritual with a deeply calming, spa-like sensory profile.

Ingredient Super Stars

Boswellia Carterii (Frankincense) Oil

- Known for its calming, grounding aroma—supports stress relief and emotional balance
- Anti-inflammatory properties may help reduce muscle tension and skin irritation
- Traditionally used to support skin regeneration and reduce the appearance of scars

Lavandula Angustifolia (Lavender) Oil

- Promotes deep relaxation, reduces anxiety, and improves sleep quality
- Soothes irritated skin and offers mild antimicrobial activity
- Synergizes with frankincense to enhance the calming aromatherapy effect

Vitis Vinifera (Grape) Seed Oil

- Lightweight, non-comedogenic moisturizer rich in linoleic acid and vitamin E
- Strengthens the skin barrier and offers antioxidant support
- Enhances slip and absorption without leaving a greasy residue

Caprylic/Capric Triglyceride

- Silky, non-greasy emollient that improves skin feel and enhances active delivery
- Stabilizes the formula and helps retain moisture on the skin's surface
- Derived from coconut oil—gentle and suitable for sensitive skin

Ingredient List: Vitis Vinifera (Grape) Seed Oil, Caprylic/ Capric Triglyceride, Frankincense Oil, Lavandula Angustifolia (Lavender) Oil, Citrus Aurantium Dulcis (Orange) Peel Oil, Pelargonium Graveolens (Geranium) Oil

Recommended Usage

To use the Frankincense Massage Oil, begin with a patch test to ensure skin compatibility. Warm a small amount of oil between your palms or in warm water, then apply to dry skin using long, flowing strokes to evenly distribute the oil and relax the muscles. Focus on areas of tension with gentle kneading or circular motions, allowing the calming and grounding properties of frankincense and lavender to take effect. Start with 1–2 pumps and add more only as needed to avoid excess. After massage, let the oil absorb into the skin or gently blot with a warm towel. Use in a quiet, comfortable setting and incorporate deep breathing to enhance the therapeutic benefits of frankincense aromatherapy.
