

✿ You can view the full example registration form and WTFNB/POC registration questions [here](#).

<example verbiage and rationale for team prioritization>

Registration cap & team prioritization for South West Qualifiers

Registration is capped at 12 teams.

If more than 12 teams register, priority will be given to in-region teams with either a WTFNB or POC player, followed by a lottery of the remaining in-region teams. If we have more than 12 in-region teams with a WTFNB and/or POC player, we'll go straight to a lottery for all WTFNB/POC in-region teams, and so on.

If spots still remain after in-region registration, the same prioritization will apply to out-of-region teams: teams with either a WTFNB or POC player will be prioritized, followed by a lottery of the remaining out-of-region teams, if spots allow. If all out-of-region teams have a WTFNB and/or POC player, we'll go straight to a lottery to allocate remaining spots.

<example qualifier registration Q to WTFNB and POC player prioritization>

In case we exceed 12 team cap limit

Teams with **WTFNB** (women, trans, femme, gender non-binary) and/or **POC** (person of color) will be prioritized **IF** we exceed the 12 team cap limit, followed by a lottery **as outlined previously in the registration form overview**.

This information will only be used if we have more than 12 in-region teams registered. We're collecting this info now to **expedite the registration process** and **announcing teams** so folks can make travel plans.

1. **My team includes at least 1 WTFNB and/or a POC player.** (If you select "prefer not to say right now" we will need to reach out and get this info later if we exceed 12 teams)
 - a. Yes
 - b. No
 - c. Prefer not to say right now
