

## HOW TO HAVE A CONVERSATION ABOUT CLIMATE CHANGE

### STEP 1: BOND

What do we have in common?

### STEP 2: CONNECT

How does climate change affect what we both care about?

### STEP 3: INSPIRE

How can we work together to tackle the problem in a way that is compatible with our values?

### THEN YOU CAN TALK ABOUT -

- What you are doing.
- What your family is doing.
- What your school is doing.
- What someone else is doing and you think you should, too!

### PRACTICAL SUGGESTIONS

- Stop being wasteful.
- Reduce, reuse, recycle.
- Use clean energy.
- Reduce energy consumption.
- Compost.
- Conserve water.
- Use organic cleaning products.
- Restore and protect nature.
- Practice or support regenerative agriculture.
- Create green space in the cities.
- Eat less meat.
