

Service Between Beaconsfield, Penn & Hazlemere Route Proposals

Option A - Service 31 extension.

Arriva service 31, which travels from High Wycombe to Hazlemere and Penn, could be extended to Beaconsfield along the B474. This would mean the service would likely be running every 20 minutes to Penn and an hourly service continuing to Beaconsfield.

Option B - Service 577/377 regular service.

Carousel and Red Eagle could work together to provide an hourly day service on the routes which follow a similar route.

Option C - New service 106.

In order to fill in the 30 minute gap in the Carousel service from Beaconsfield, Maxwell Road, an hourly service could run via Knotty Green, Penn and Hazlemere to High Wycombe. This would fill in the timing gap and so would likely have a higher ridership than other options. The service could also replace the route 577.

Bus Stops

The section of road between Beaconsfield and Penn currently does not have stops in places such as The Crown PH, where it could take you 20 minutes to walk down the road to the next stop.
