***Physical Medicine & Rehabilitation Residency Training Program***  
***Programmatic Assessment Plan***

---

Overall Evaluation Framework	Formative	Summative
EPA Assessment		+
Rotation specific ITERs (mid and end of each rotation)		+
<a href="#">STACER</a> (Standardized Assessment of a Clinical Encounter Report)		+ (rotation-dependent)
Scholar/Research (Scholar/research subcommittee)	+	+ (via EPA SA3)
Annual research presentation at Resident Research Days (Alberta Physiatry & DCNS)	+	
QI Project Presentation in QI Rounds and national QI Forum (PGY-4)		+
Lead Residents - Evaluations from Resident group	+	
Procedure/case logs <ul style="list-style-type: none"><li>• EMG/Neuromuscular Rotation</li></ul>	+	+ (procedure log)
Critical Appraisal Evaluation minimal 2 per residency	+	+ Journal Club
Teaching Evaluations (course 5, from trainees, physical exam skills, etc) (AHD, PMR or other rounds evaluations, or DCNS case presentations)	+	
Bi-annual written exam (short answer) Bi-annual OSCE	+	
Simulation Training - Sessions and Debrief	+	

## **Evaluation of CanMEDS Roles**

### ***Medical Expert***

- Written exams
- EPAs/Direct observations such as simulations/ITERS
- STACERs
- Resident learning portfolio
- Daily evaluation cards - using them in EMG rotation currently for example for all CANMEDs roles
- OSCEs
- Narratives

### ***Communicator***

- EPAs/Direct observations such as simulations/ITERS
- Resident learning portfolio
- STACER
- Multisource feedback
- OSCE or Simulation
- Narratives

### ***Collaborator***

- EPAs/Direct observations such as simulations/ITERS
- Multisource feedback
- Team STACER
- OSCE or Simulation
- Narratives

### ***Leader***

- EPAs/Direct observations such as simulations/ITERS
- Multisource feedback (including on call)
- OSCE or simulation
- Formative feedback - lead residents
- Narratives

### ***Health Advocate***

- EPAs/Direct observations such as simulations/ITERS
- Resident learning portfolio
- OSCE or simulation
- Narratives

### ***Scholar***

- EPAs/Direct observations such as simulations/ITERS

- Research presentations
- Rounds and journal club presentations
- Resident learning portfolio
- QI written paper and end of rotation ITER
- OSCE or simulation

***Professional***

- EPAs/Direct observations such as simulations/ITERs
- Multisource feedback
- STACERs
- OSCE or simulation
- Narratives
