

Sabbath Day Celebration

Shane Vaughn ——— First Harvest Ministries International

1 we look at a tradition and we say does this violate the word of Yahweh in any way um it's there's no biblical mandate to come to church on Sunday night yes ma'am no sound okay thank you Lord go to your settings and choose your microphone okay Brothers all right Hallelujah thank you my sister so that's how we know which holidays to keep which celebrations which Traditions to keep we don't Sunday night is a tradition it's not a Biblical commandment but the question is is it against the word of God no the Bible said the Bible said do it so much more as you see the day approaching so if we wanted

2 to have church every day of the week it wouldn't be a bad thing amen [Laughter] but what if we had church every day of the week except the Sabbath amen there you go so don't ever think that we don't look at traditions and and judge them um you know there's many Traditions that we have that I grew up with uh nothing says you have to come around the Altar and pray I'm you know I mean you do have to pray but it don't says you got to come kneel up here that's really not an altar that's steps okay however the question you have to ask yourself now is there anything wrong with me coming up here and

3 praying no so be careful when you're judging tradition that you don't throw all tradition out amen some traditions are good amen and so the 10 days of awe is not biblical but it's not bad okay and for the next nine days I think we would be safe in joining in with our Jewish brothers and sisters and standing in awe of the forgiveness of sin that Yahweh has given to all of us amen because we should all be dead amen we should all be dead we should everyone be worthy of death and we should all be dead but thanks be to God uh that oral Zazzle goat is going to be dealt with amen when is our next

4 when is uh Feast of atonement day of atonement this coming so not this coming next Thursday no not this week coming week correct okay the coming week okay so not this Thursday night but next Thursday night we'll just have a mini Revival Thursday Friday night hallelujah amen praise God we'll call it our atonement Revival and we'll have Services Thursday night and Friday night of next week amen now we will dis is it next Sunday night we dismiss the following okay they know Sunday night the following one okay because we'll be packing up getting ready for Tabernacles all right let's get into

5 today's lesson and let's help you know why we must keep the holy days and notice I said the word must Pastor do you believe it is a requirement for New Testament Believers 1 000 I believe it's a requirement I believe it now I don't believe it's a requirement for those that don't know amen to whom much is given for some reason sister Carolyn he saw fit to give it to you amen so now it's a treasure to us it's a gift to us and so I want to teach those that are watching and we have many critics I've invited you to today's class because I truly am not here to condemn you I am here to maybe help you

6 open your understanding as to why we should keep the holy days in the end of time especially uh this is God's total plan for the ages uh this is his entire plan all of his plans are seen and understood in this circle now all around this circle if you'll follow it carefully when we start with Passover and you go all the way around it goes counterclockwise Passover unleavened bread first fruit Shavuot no Yom Kippur and Sukkot and then the last great day within that circle is God's entire plan I want to say this to those that are watching if you are not following that Circle you really are

7 clueless you really are of what God's plans are for the ages that circle is the little rat wheel that we all run in the little hamster wheel amen that's our little wheel within the wheel Hallelujah we go in that wheel every year and uh what you'll notice not in that wheel is Christmas or Easter because none of those things are in the scriptures so brother Vaughn what if Christmas is just a good tradition but it's not it's an ungodly tradition when you study the history of Christmas you'll find out that it is for Pagan worship Ishtar same thing so we don't keep Traditions that violate the **8** command that we're not to worship Our God this circle is how we experience God every year put that in your nose this circle is how you experience Yahweh every year notice I didn't say know him this is how you experience him amen you know my mother once a year takes us on a family vacation uh that is really Elder the only time I get to experience my mother amen life gets busy but I know that on gen at the end of January or the beginning of January I'm going to get to experience that relationship with my mother all of your lives get busy sister Suri you get busy cutting hair you get busy Natalie

9 at school all of you get busy it isn't I'm going to say something it is not possible to fully experience God without the holy days you just can't do it my wife and I love each other on a daily basis but I will tell you we don't experience each other on a daily basis why I get up I'm going to work at my computer she's going to do what she does we're on our we do our thing right but on Saturday nights we get to sit down at a table in an intimate setting one-on-one and experience why we fell in love why are we still married what reminding we talk about the memories of how it all started we

10 experience that at the if it were not for the Feast of trumpets you would not be talking about the coming of the Lord amen you just wouldn't spend this 24 hours doing nothing but playing around on trumpets everybody just play around on your trumpet a little bit watch this I want to show you what happens when you just play with trumpets just play with them y'all play your little trumpets all of a sudden Watch What Happens [Music] [Applause] [Music] Allelujah you just experienced the coming of the Lord you just experienced it amen that's your reminder that's your reminder he's still coming amen

11 I promise you without this day you wouldn't be reminded he's still coming but he says every year meet me on the first day of the seventh month because I want to remind you somebody blow a trumpet I want to remind you he said somebody grab your little trumpets or our sister April Rickman grabbed uh they did it last night they had they had a house full of people in Texas celebrating with a Melinda who oh yeah no the her mom somebody had harmonicas but sister April Rickman had their birthday the the thing that's all they had and they was blowing them Hallelujah that was my favorite shofar of the

12 night amen why because it's in this 24-hour period where you get to stop work you come together and you talk about nothing but you know what we're still waiting he's still coming so the purpose of the holy days and then in nine days from now we're going to relive again the arrest of Satan amen we live that every single year and then there after that for eight days we leave everything and what do we do for those eight days we focus on our new bodies do you know the purpose of Tabernacle sister Denisa the reason it's Sukkot is because Sukkot is an old flimsy building that's falling apart just

13 like your old body but Tabernacles is when you talk about that Mansion not made by hands which is that new body that you're going to move into we talk about it for eight days and then we talk about salvation for the whole world on the eighth day and then what happens after that moment sister Denisa then you can go back and live in the delay then all the pagan holidays start and yahweh's holiday stop so my point is without this circle you will not run in the right direction you need this circle let's go do I have a clicker y'all gonna do it for me amen you've got to get the word Jewish out of

14 your minds let's read numbers get your Elder Morgan get you a microphone and let's grab another microphone for another reader get Elder Baker a microphone we've got lots of scriptures to go over today and I'm doing this for those that are critical but they're not mean critical they're just constructively critical they just don't know why we do this and I believe if you'll stay with me at the end of today you'll know why we do it and you'll never not do it again let's read Numbers Chapter 15.

15 verse 15 through verse 16.

16 and this lesson is going to get so very good today and I believe it's going to answer a lot of questions for a lot of people uh brother troks I could use that little yes sir go right ahead Elder numbers 15 15-16 one ordinance shall be both for you of the congregation and also for the strangers that sojourneth with you an ordinance forever in your Generations as ye are so shall the stranger be before Yahweh one law and one manner shall be for you and for the stranger that sojourneth with you so the law is the holy days here and what he's telling you is it is not my desire for just Israel to

17 keep the holy days amen that's right the holy days are to start with Israel but then it's to apply to The Strangers that's the Gentiles Yahweh wants the whole world to keep the holy days now according to the verse you just read how long does he want you to do it forever now the Christian church that I grew up in tells me that we were to keep these until Christ come okay but do you know you can look from Genesis to Revelation you'll never find where it says keep these until Jesus comes it says keep them forever now unless forever don't mean forever I don't know what forever means [Music] you

18 are to keep these as an ordinance what is an ordinance my marriage was an ordinance I've got wedding pictures in my ordered memories so I always remember the truth we live in a world of Lies these are your ordinances these are your wedding bands these are your ways to remember the truth you all live in a world of lies what's so sad to me all these truthers looking for truth and none of them can find the holy days they can find JFK they can find Dale Earnhardt they can find everybody that ain't Dead That's supposed to be dead but they can't find truth you mean that's right they want to hear it

19 all and ladies and gentlemen you have found the truth but you have to be reminded of the truth and these are your reminders these are your ordinances that are to be kept for ever now it's originally for Israel but according to God it's going to go to the whole world you are a shadow today of what everyone will soon be doing it starts with you and then the whole world will do it let's read Elder Baker Exodus 31 and 13.

20 speak also to the children of Israel saying surely my Sabbath you shall keep for they are a sign between me and you throughout your Generations that you may know that I am Yahweh who Sanctified you and makes you holy what are signs signs give a message when you come to a stop sign even if the word stops not on there you could take the word stop off you know the message in the sign according to Yahweh not Pastor Vine not any Elder here but according to Yahweh if you're keeping Shabbat it is a sign of Who You Are this is a sign if you don't keep the holy days you don't have the sign what is a

21 sign it is the proof you've got to have a mark you've got to have proof that you are an Israelite and uh I'm gonna just tell all of you well brother Vaughn uh you know I've got all the signs I speak in tongues that's what he said he said if you're not a Sabbath keeper you don't have the sign you don't have the proof that you're in Israelite now as we go through this lesson today I'm going to go to Every scripture throw at us I've read the best books people have given me books from all my every denomination against the Sabbath I have read every one of them and let me tell you the problem with

22 every one of them and this is the bottom line I've read brother Seagraves book I've read all

I've read everybody's writing and they all are very intelligent people but there is a flaw in the foundation of every one of their books because they say in their books this is for Israel not the Gentiles and they are right flaw yes they don't know who Israel is they think that Israel is the Jews and ladies and gentlemen I just told y'all the flaw in everyone that ever comes to you and says well that's not for that that's not for the Gentiles that you're right it's for the Jews for the Israel if they

23 ever tell you some of the Jews they know it's for Israel they're like well yeah Israel and say yeah Israel you tell me who Israel is and they don't know ladies and gentlemen at the end of the day you're fighting against a mindset that doesn't understand who Israel is so when they say that's for Israel my sadness that Israel is supposed to keep your job please I bet you don't don't leave me today because I'm gonna get you to where you're trying to go to your your foundational roadblock anybody you meet whoever they are they don't know who Israel is and that is they'd say well as soon as the age

24 of the Jews passed this past no no as soon as the age of Israel passes and that is that age is not here yet amen so your first job if you ever thought interesting I know people say well I don't want to debate it that's towards talking your job is to debate it when people say I'm not going to debate it here's what they're saying I know I can't defeat you so I'm just gonna we're just gonna believe what I believe you believe what you believe because folks you have a duty and I don't go to anybody pushing this on them but when they attack me I will defend what we believe and I promise you dear

25 friend you don't want to debate anybody in this ministry over the Sabbath because here's where we're going to start every time do you know who Israel is well yeah it's it's over there in the nation of Israel it's the Jews see that's that you that's where it all breaks apart learn to in educate people on what an Israelite is anyone that has accepted Yeshua as their Messiah is an Israelite [Music] now it don't mean you're going to be chosen but it means you've been a called Israelite okay the house of Judah over here the house of Israel over here they all come together to form one new man that's

26 Remnant Israel not that's not natural Israel that is now Remnant Israel absolutely it's all new so therefore the Christian Church thinks that that new is a total different man no no no no no no no no no Paul's fixing to teach you and we're going to read those scriptures Paul's fixing to show you that he said to the one on the branch which is who everyone that didn't know you was in Israelite you were wild you were book Wild out there running from church to church you didn't know who you were you were a wild Olive Branch you were the Lost tribes of Israel you were wild now the the Jewish people

27 it's the Olive Tree that stayed at home they were not wild they stayed in Jerusalem they stayed with the Commandments they stayed with them created they created Judy but Paul said to the Wild Olive Branch that's out there claiming their gentiles he said don't ever think that you are separate from the natural Olive Branch he said the father found you and then rooted you back in to the house of Israel that makes you an Israelite it would be just like if I'm from Mississippi and I wind up going to Canada all right and I don't I have amnesia all of a sudden I get dementia and I start thinking I'm

28 a Canadian okay well one day somebody comes and finds me in Canada and they can tell uh there's something inside of me that talks like a Mississippian amen I may be living in Canada but something right amen I've been living in Canada only the one only one up there putting Jalapenos in the cornbread because why there's something in there [Applause] and then all of a sudden some Mississippi preacher missionary comes to Canada talking like a Mississippi and I identify with what that man is saying and the way he's saying it and all of a sudden he brings me back to Mississippi I'm not a Canadian no

29 matter how much I thought I was or how long I've lived there you are not a gentile you were always an Israelite Hallelujah step one teach the people what an Israelite is and once you do that now what happens every time they try to tell you that was for Israel you shut them down you shut them down say I agree well that's just for the Jews no no no that's for Israel see they they think all Jews as Israel are all Israel is you when you teach them the difference and they say well now that passed away when the age of grace started and that passed away with the Jews not put the Jews to the side God

30 no no he did not grafted you in so that is your foundation when I came to this understanding that these were my sabbaths and not the Jewish Saturns these are my sabbaths and if you don't keep them you don't have the proof that you're in Israel it is a shine When We Gather here to church on Friday night sister jury when we come in here on Friday night we are a sign why are they why are they at church when they don't see us on Sunday mornings out here yes on Friday night or Friday we're a sign that we are different that house of Israel hey man next screen now I want to read even if we even if

31 this was for the just Israel just the Jews and one day it will not you know be for the whole world let's read Elder tree Romans 2 29 Elder Baker 12.

32 and let's try to run through these quickly Romans 2 29 men and brethren let me freely speak unto you of this patriarch David that he is both dead and buried and his sepulture is in is with us until this day that was a good one I could preachers to the dead but that one oh yeah was along with last night David is both dead and buried and has not ascended into heaven that's what it says amen Romans 2 29.

33 but he is a Jew which one which is one inwardly and circumcision is that of the heart and the spirit and not in the letter whose praise is not of men but of Yahweh he's telling you when they say well that's for the Jews Israel Paul is trying to tell you that when you were circumcised by the Holy Ghost you became what they are telling you the staff of this far that was deeper than y'all grabbed right then so I'll try it again you said it it's not a true Jew that's one outwardly that has come to Christ and been circumcised by the Holy Spirit has become connected like you if you will in other words it's like when somebody says it's just for the Jews Paul just said that's what you've become oh yeah amen read Ephesians 2 and 12.

34 remember that at the time you were without Messiah being aliens outside the citizenship of Israel strangers to the Covenant based upon promises having no hope and without Yahweh in the world at what time one time you were little patients you were outside you didn't know who you were you was lost you called yourself a Catholic you called yourself whatever he said you were without hope you are not connected he is talking here Gentile Believers that have come into faith in Christ and he's telling them in the past you were not initialized but now you have become a member of the Commonwealth of

35 Israel yeah brothers and sisters how much planer does it need to be that's why I don't call myself anything but an Israelite because that's what Paul said I became so actually When someone tells you the Sabbath is not for Christians it's for Jews one correction say what you mean for Israel yes great did you know I'm an Israelite so thank you for confirming that the Sabbath is for Israel amen Natalie what did you just learn and all that it's okay okay amen Natalie do you know the difference in a Jew and an Israelite okay that's fair enough she's getting there amen your teacher needs to teach

36 you in your class that's a that's a foundational lesson and if all of you truly understood you were Israelite you would never allow anyone to convince you that the Sabbath for Israel amen so when someone tells you that it's because they don't have that foundational knowledge of who Israel is all right Ephesians 2 and 3.

37 among whom also we all had our conversations in times past in the lust of our pledge

fulfilling the desires of the Flesh and of the Mind and we're by Nature the children of Wrath even as others if you were the children of Iraq as all the others but he didn't leave you the way he found you understand that brother you're he found you as an American but now you're an American Israelite amen he found you as a qualmite but now you're an Israelite Hallelujah you are literally citizens of Other Nation if you would ever get this message no one could ever mess with you again we're citizens of another

38 Nation brother Richmond what nation are you a citizen up now Israel Hallelujah Hallelujah Hallelujah are even before America our first citizenship is Israel Israeli American Hallelujah amen and when you get that all of a sudden people can't mess with you no more because they can open their Bible when you show them that scripture you shout shabbats forever you know what they'll immediately say yes for Israel say thank you for confirming that because I am one of those Hallelujah I am an Israelite now if you're a citizen of a Nation don't you abide by their laws Let Me Clear something up you're

39 not a citizen of that shoe donation called Israel that's I don't want you to get it twisted up here there's a there's a political Nation called Israel that's not Israel no no no no there's Jewish people living in that land but that is not all of Israel no that's just a political nation and some of them Israelite to live in the political Nation but the house of Israel is worldwide a house of Israel is sitting in Waveland Mississippi tonight amen hallelujah and when you understand that all of a sudden you've got to learn the difference in that flag with the Star of David on it if you're not

40 careful when you look at that flag you'll think that's Israel telling you listen carefully because of potential spam I ain't got Judea the land of Judea of uh how that's not Palestine but the land of Judea uh it what it does if you don't do that I'll show you the confusion thank you brother sure absolutely and Israelite then they are an Israelite Jew you're an Israelite America they're Jewish becomes their second identity all right let's do it let's do it this way seven eight nine ten we have 12 props okay all of their family name is Israel now this is Ricky Israel tribe of Ricky this is the

41 tribe of Tilly Israel this is the tribe of Victory Israel okay now watch this all those people out of all 12 only three real lives in a piece of land okay Israel the most important of all of Israel okay all right so in Vicky now Israel comes to accept our students as her Lord and Savior all of a sudden she remained portrayal okay Israel is her corporate family name the house of has 12 children okay but for some reason we created a flag in 1948 with the Star of David which I have questions about that star but anyway all right so now we have a piece of land that is Israel now you've got all

42 Israel scattered all over the world over here but all of a sudden this is real okay that's why you see who Israel is okay the people I would rather they would have named this nation the Jewish Nation because them but Judah whatever is we've lost sight because over here in a nation times as large as that is another nation of Israel it's called America Hallelujah Deception comes in that's where the confusion comes in I'll tell every one of you something and then you can take this all you want to I don't care just because they living in that land don't mean they're as much of an Israelite as I am

43 over here amen amen why because some of them living in that land that they're not they're there for whatever reason but not spiritual reasons you've got to understand it really all right I'm off that porch let's go let's read at Exodus 12 and 14.

44 and then I'm going to get to some of the scriptures that speak against like that that way you can never be called off guard Exodus 12 14-24 Exodus 12. 12. 12 14 start at 14.

45 oh and this day shall be to you for Memorial and you shall keep it as a feast to Yahweh throughout your generation so what's the purpose of it to keep it and what's the purpose of keeping the Feast of the Lord why do I go to the cemetery at least once a year to see McQueen because when I sit down by that tombstone thousand memories come flooded I encourage you

to go to cemeteries it's a good thing it's everything to go sit down by the grave of the Lord otherwise they're they're dead or the dead nobody's remembering them these holy days are 12 12 headstones for seven headstones and every time

46 you stop by one of those headstones of what it's all about you need to go to these memories they are to be a memorial for you forever brothers and sisters the holy days have never been to get you get you saved they are there to keep you saved they are there to help you stay saved they are there to instill your mind the truth we have these are required we teach their required because of salvation amen it's like telling me that I have to cry to be a to be a born baby no I cry because I am a born baby okay it's you can't you know I can't you can't tell me what you gotta cry to be born well no I

47 got to be born to cry okay I don't I can't keep the holy days to be born or to be saved but as soon as I am truly saved are truly born if you will begotten then all of a sudden obedience becomes the proof that I have been born amen it's just like whenever you say you've been born of the spirit but you're talking like the flesh don't work you can say it you can say I'm a Christian you say I've been born again but if you look like and talk like a man that existed before the water then say all you want to say but it don't mean nothing amen brothers and sisters but you are truly begotten of the

48 spirit of God everything in that book becomes a requirement for you everything it becomes a requirement so if somebody says do y'all believe that the holy days are a requirement yes but is that is that the same as me saying you've got to keep the holy days to be saved no you don't have to not cut you couldn't say but I believe when you truly get saved you can't cuss no more anybody seeing this won't let what question don't let them twist it in your mind when they say well you believe you gotta I believe I do it all All or Nothing no negotiation and Hallelujah without keeping these appointments

49 the children lose their in their identity why do we keep Fourth of July so we don't lose our identity why do we bake apple pie and homemade ice cream that's part of being an American right the Chinese Fourth of July do you know why it's not their identity they don't want to be Fourth of July Keepers we do Americans so these holy days are to keep you an Israelite to keep the signs and that is a master key of your understanding next screen Old Testament versus New Testament there is no such thing as a new testament believer never allowed yourself to say that one without the other does not exist

50 now the modern church has put enmity between the old new but I'd like to show you second Timothy 360.

51 readers I love this verse all scriptures given the information of Yahweh profitable for Doctrine for reproof for correction for instruction and righteousness well well that was there was no new testament until marcion piled a new testament there was no new testament so when he said all scripture it's given for Doctrine he's talking about the Torah and that was the original Apostolic church right there now Paul had written a few letters that were scattered among the churches and Paul you know if you I know you're getting tired this is good you need this knowledge okay they all had letters

52 floating around but there was no compilation of them oh you had a compilation of was the oldest nobody had put it together yet when Timothy said all scripture he's speaking of the only scripture they had and notice what he said he didn't say that the Torah was good for history for Doctrine you've got to base every Doctrine back to the Torah that's why you can't get me to believe in a Rapture you can't find it in the tour yeah that's why you won't get me to believe in a place called Heaven you can't find it in the Torah amen that's why you you won't get to be the eternal torment you can't find

53 it in the Torah so if I find something in the new town that I got to find it at the old the Bible

said that that is the double witness the old and the new you've got to have the two witnesses you cannot take one verse of scripture out of the new and make it Define it all they must work together and I've got news for you they all do there's not one there and I'm gonna get your scripture in a moment that contradicts the old things in the new it looks like it anyway okay people that's their scripture that's where they go to to say why they don't keep the holy days and it is very contradictory to

54 the old so we have to find out today how to resolve that contradiction listen to me Mr Holly there is not one contradiction in the word of God anywhere from Genesis to Revelation it is perfect the word of Yahweh is for now the translations are not perfect but the original word is perfect well brother Vaughn did what am I supposed to do how do I know what the original you got a Strong's Concordance study [Music] it didn't say read it said study that means open a book here open a book over there make it all line up if you just read that I can take anything I wanted to say I promise you

55 absolutely you can take your Bible sister Pat and make it support anything you believe right but when somebody begins to he's dealing together front to back and make it line up at the old and the new for example why do we believe that we're going to go through the tribulation when the whole church believes in a rapture here's why I just go back and I look at how Yahweh that ever changes I look at how we dealt with Israel I'm Israel I go to Egypt where he set his wrath upon Egypt and I'm waiting to see if he's a Rapture Israel he protected him he did not so my question for all of my modern day

56 friends who do you think you are that you're gonna get rescued when none of your forefathers did who Do You Think You Are Yahweh works the same yeah Yahweh so predictable he works the same he works the same every time what was shall be again you read your Bible that's why it never has to be updated there's no second addition to the Bible we don't need it because two things never change God and man we're all the same we stay the same we stay bad he stays good every day we don't have to write a new Bible it was right about one David and one Goliath and you just wrote about me and my employer you

57 just wrote about me and my worst enemy it's all in the Bible your Bible is perfect your Bible is perfect ever risk that if you'll build your life on the word of yah if you think your father's a great man you'll be an even greater man because you're going to build your whole life he's built part of his life on the word but you're going to build your whole life we call you young Hallelujah and God wants everyone in this room to trust his word and never doubt it amen next spring these festivals are great opportunities to preach the gospel every appointment or Festival preaches a certain element

58 of all truth we've celebrated the church has the opportunity as a whole to reflect on these glorious truths and preach them publicly interesting guys when you share that graphic needs to progress on your Facebook page the ones you thought not looking nobody's seeing it you're preaching you're preaching the gospel one person one person's gonna see it again next year oh the continuity of Truth [Music] do you know why some people started following me now they for years your messaging every year we write back aggravating right back aggravating people they don't want to see that beats the trumpets

59 thing on their timeline but they can't ignore it amen don't ever get tired of sharing truth on your top line well nobody like maybe they can't like what they hate which is truth because they know they're not keeping it and it makes them feel like they're less than so therefore they just can scroll on by but next year they gotta look at it again and then the next year until finally they might say what in the world is this and they're going to be messed up because they're going to start researching Hallelujah Hallelujah amen you know that some of my followers a lot of them in this message hey

60 after they were determined to prove me wrong that was their goal to prove us wrong and now they follow the message uh we have a Facebook fact Checker her job was to prove me wrong and she's been with this message for three years now you know why because true have a funny way of getting a hold of people's friends amen so these these in a few days when you start sharing the picture of a goat for the Feast of atonement you know that last year what's that go what's that goat about this is evangelism opportunities you ain't got to condemn nobody you just show the message just show the message

61 that's all you got to do show the message every year eventually let's go to the scripture that everyone quotes as to why the church does not have to keep the holy days Colossians chapter 2 now this is the question I want to really help you learn how to take the scriptures apart make them make sense hang tight but let me turn this all right people come on my timeline every day and this is the scripture they throw I wished I had time to answer them all but I get so tired of answering same thing over and over but anyway we're gonna deal with it today and I'm gonna clip this part out so that your

62 time and you can throw this Colossians chapter 2.

63 and by the way I've given an entire book on the book of Colossians if you don't have it you need to get it and and it really will help restate the book did let's go to Colossians 2 College little scripture I'm going to go back and cover the rest of them but let's take a quick throw at us with one of their little Rockets yeah they just throw the Roman rockets at you disappear and this is one of their favorite ones read it whoever 's first thing let no man or judge you with me or in drink or in respect of the holy day or of the new moon or of the Sabbath days with the numbers I'm sorry shadow of

64 things to come but the body of yahshua the Messiah all right there you go Pastor Steve don't let nobody condemn you for not it always Shadows of Christ anybody ever heard it all right I'm going to show you the saddest thing about these about verse it says exact opposite of what they're trying the total opposite but to find that out you can just read it you've got to study it so today you and I as students of the scripture we are going to study to show ourselves approved unto God brother are you able anything up on the big screen are you able to bring him over here if I need you to look after

65 that okay all right before you do it let's start where the context starts in verse 8.

66 okay oh go to the Bible and pull up Colossians 2 16.

67 if anybody knows how to operate Blue Letter Bible I don't know brother chuck if you do or not but if anybody does brother you may want to go back there to show how to pull up the info all right let's go back to verse eight let's pick up the con what is the context they Wonder that no one leads you away like a prize because of philosophy or empty statements according to begin after the elements of the world not activists hang tight here's a few words here's a warning here's a warning not to let anyone Lead You astray down a path that would lead you away from Christ to you what he's warning them

68 about somebody got the words let's start with philosophy tradition did you say human traditions all right and what is it give it to King James I can elements same thing it's just a different way of elements of the world and rudiments of the world okay what is it you see all right don't be deceived ah these things now when we get to verse 16 in a minute when we get to verse 16 well Paul says let no man judge you in these things because it is part of the warning about pain philosophy human traditions and other world for you who gave this would you say that's a philosophy would you say that's a

69 human tradition would you say that's an element of the world all right you're just disqualified verse 16 against these three things another three things apply to the Sabbath day keep that in mind as we continue to read verse number nine for in the hill I'm sorry sorry two or three for in

him yahshua dwells all over the completeness of the Holiness of God in the form of Flesh and you complete through him who is the head of all principality and Power in him you were also circumcised with the circumcision that made according to the law of prophets Ah that's interesting the law and the problems

70 okay wow it putting off the body of sins of the flesh about the circumcision of Messiah when do we put up those things when are we circumcised the next verse that tells you when you are buried with him and baptism why if old man shoots in the water that orange skin that's your old flesh and falls off of you which is your old flesh and what comes up is they do I'm not trying to be practiced but it's new just like that was right that's the importance I thought circumcision when I receive the Holy Spirit when do you receive the Holy Spirit and baptism see how my the doctrines we teach here line

71 up perfectly with the scriptures baptism yet another scripture said you were circumcised by the end feeling of the holy spirit because it's in their baptism where you receive the Holy Spirit everything we teach I my life study in this book front to back from the morning I wake up to the time I go to bed I'm in this book to find out where I'm wrong because I want to be raped verse number 12 through faith the active power of Yahweh who raised him from the dead and you can get in your sins now hold on he's talking notice who he's talking about you is God in that scripture or in that chapter

72 riding the Jews he is writing to the colossian church which was made up of The Lost Child thought they were okay watch this here he is speaking to people let's just call them here cows but don't get confused he is speaking to gentiles who he's telling them that they were workers of the flesh one because they followed vain philosophy human traditions and elements of the world now he's telling them something's got to change in you and I want to warn you about ever going back to those three things I think to prove to you the verse we're fixing to get to has nothing to do with the Sabbath day

73 because another Bill had ever kept a Sabbath day ain't nobody listening to me none of these people have ever kept a Sabbath how can you tell them don't return to Sabbath when they never kept the Sabbath what did they keep brain philosophy human Traditions like Sunday worship human traditions elements of someone how dare you call y'all with brothers and sisters he's writing to people now it sounds like he's telling them not to let no one condemned them for not keeping the set they've never done never they were not Savage Keepers these are not Jews let's keep reading verse 14.

74 haven't wiped out that Captain was written against us in the law which we had been opposed to so these people were opposed for the law status keeping they were opposed that definitely out of the way mailing it to a stake verse 15.

75 having evil powers have been authorized and permitted he made a show of them openly triumphing over them in it therefore did all of this and brought you out of these philosophy and these human traditions and these elements of the world because Joshua died and rose again therefore let no name judge you in the pulse Paul's right there these are new believers that have started Shabbat they've never kept it before and he's saying because Christ did so much for you let no man judge you in meat let's talk right there with me these people he's talking to came out of a good religion called gnosticism

76 and docitism I'll explain what both of those are in a moment they came out of a vain philosophy that told them it could not eat meat they could eat no meat in not specificity spiritual witchcraft is what it is they taught that animals were sacred now listen that's why I caution people I worry about some of y'all like dogs more than babies I'm not gonna lie to you I get real worried about it I really do I love animals I take care of animals but some people have more love they do a human child thank you you got to be real careful with spiritual new age because they

worship animals amen and so

77 these people that have been saved were not allowed to eat they were told if you meet you can go to Nirvana Nirvana is God in ascend you could have sent a higher state if you won't eat meat that's why there's somebody not in this church because she was teaching people not to eat meat and I jumped on her every day and I said that's a New Age spirit you won't be here don't ever teach people not to eat ever because it defies when Yahweh said I gave you these to eat see you'll fall for some of this stuff but because I know the word the minute somebody tells me meat is bad for me I say darling you

78 don't want me to kill them when God kill all of them I want to kill they were given to me to eat [Music] but if you don't do this I want to kill animals kill them all that's why he gave them to us around here these people that's a vein that they were under hey boy I felt it somebody didn't like what I said about animals you better submission to the word well I can tell when I stir up a devil I feel Hallelujah amen and there won't be no more animals coming in this church building either [Music] [Applause] I allowed that way too long foreign whoever from wherever the policy of this building

79 ain't no animals in this building no more amen peeing on our carpets and everything else amen I'm just I tell you there's a balance in all things amen I love it but I don't worship them and they don't equate to a human they serve humans amen amen tell me y'all talk to your dogs you want to talk to young kids Hallelujah all right I better just move on Hallelujah sometimes I get stuck y'all in a certain little thing glory to God it is it's true I'm trying to warn you against the extreme any area don't go extreme stay in the middle write it amen cultures don't kill richton's ducks I got hungry no

80 they're unclean they're unclean huh they are clean I'm clean then your ducks are safe son oh there is a debate about it yeah when I have the Jews say it I don't trust it I kosher they've got kosher thinking about cheeseburgers they're wrong I can prove it they don't understand what the scriptures say I can tell you that and they don't even know what they're talking about an Aiken practice is all that was so my point I'm making is if it qualifies scripturally I don't care if it qualifies folks do y'all know I'm no I don't follow Judaism follow that book amen I so my point is the qualification

81 for clean it's got to have a bird got to have what and again no okay well if it's not web feet deduct and clean they got wet feet okay all right we'll settle that argument later let's continue back to our philosophies human Traditions okay now so here's the point I want to make whenever we get to this each are not Sabbath keepers these are pagans these are gnostics these are those things I'll explain what that means in a minute all right so he's telling them evidently they're being judged it's part of us we'll take he'll take your thunder so fast [Music] I love it I love it I like yeah yeah

82 please security please thank you sir security please we have a we have a we got a usurper we got to use her for come on back up Elder you know what it makes me feel good people know this message amen Hallelujah but for those watching live that don't know what we're talking about I'll continue all right so evidently these people have started eating they've started doing something that their vain philosophies told them they couldn't do I'm going to prove to you some other vain philosophies these people came out of they were told they couldn't have sex why forbidding to marry that's all in this

83 chapter we're about to get there because just like the Catholic church if you'll take a bow of celibacy closer to God do y'all not see paganism in the Catholic church it's the same it's the same religion forbidding to marry not because marriage is a bad thing but we want you to get closer to God and say I'm going to accept or maybe not close to God Hallelujah amen yeah like that's a bad thing actually y'all got to learn something this has been philosophies and these

people used to practice no meat now I'll show you something else these pagans used to practice okay something else that was being

84 done at these holy Day Celebrations and I'm not going to get into an argument with y'all what kind of drink and what I'm not going there today but I am saying that uh they were celebrating at the festivals okay Paul says you're being judged for doing these things so anyone wants to take this scripture applies to the start of the painting then it's also got to apply to beat [Music] brother Vonage says let no man judge you if you don't keep the Sabbath then that's also got to mean you don't eat meat either that's not what it means now or stroll up don't let anyone judge you in respect of a what

85 will be dead now here's what it's real interesting brother Von right there don't let nobody judge you if you don't do a holy day it's the exact opposite of that okay because these people have started keeping the holy days we meet as new Christians they've started have freedom in Christ they have come to Freedom or the new month that shouldn't say moved that's a bad translation of the new one or of a Sabbath now hang top or of the seven don't let nobody judge you for not keeping the Sabbath Colossians 260.

86 well that's not what it means and I'm going to show you right now uh scroll back up go back here scroll back up let's scroll to keep going right there go to no man click on mail 50 100.

87 it's the word kiss go down scroll which means certain pin only certain men are allowed to judge you now third don't let any man judge you don't let certain let certain men touch you but in this situation he's saying plainly there are certain men that you have walked away from they are not allowed to judge you for keeping the Sabbath keeping a holy day eating meat or drinking a drink why because you moved into the nation of Israel we judge ourselves by the word not of them don't let go what certain men now let's find out who those certain men are that he's talking about now go back to the scripture let's read it go let's slide to the next verse all right go up here verse 17.

88 which are a shadow of things to come but the body is of Christ now this is very interesting in verse 17 if you read it like it is these holy days are shadows that Christ fulfilled doesn't it look like that's what it says anybody with me the body is Christ these were Shadows of Christ okay but here's your problem I wish I could Circle it up see that one here notice that it's uh italicized why is it italicized it was added to the scriptures let's take the word is out which are a shadow of things to crumb but the body of Christ now that makes no sense unless go back up unless the only men allowed

89 to judge you now is the body of Christ [Music] y'all take out these meanings both verses together and let them make sense let don't let certain men condemn you for eating meat now for drink or for holy days of the new month or of Sabbath okay because why do you not need to let them condemn you because these are important these are shadows of things still to come don't let them judge you only the body of Christ can judge you now [Music] Hallelujah these were pagans go back go back to the scriptures these are pagans that came into Christianity to the house of Israel and they're certain men that

90 they had left that is condemning them for obeying the scriptures now Paul says don't let them do let them judge you only let the body of Christ do it what your neighbor thinks about you don't matter only the body of Christ thinks of you amen now brother Von how can you be so certain that he's those certain men he's talking about are pagan are are gnostics well I'll prove it the next verse don't let certain men that word no should not be there don't let certain men seduce you of your reward all right now he's expecting to describe these certain men that is rejecting the new Christians he said

91 those certain men will teach you voluntary humility fasting every day forbidding you to marry no need to stay humble my friend if you don't understand this go to Hinduism and your voluntary

humility go for a religions of this world where they don't even look up and talk to you they're acting like they're being super humble darling until you come into obedience to the word of God you have no humility do you understand that you're all fake humility I'm going to give you the test I'm fixing to tell you the secret to know if you were friends it's going to drop on you now your lack of Prayer is

92 your proof of pride proud people don't pray [Music] before that job you didn't pray about it you know why you don't need God you got this figured out if you get in that car to drive without praying for Angels that's because you think you're a good driver s if you want to get a blessing without prayer it's because of your pride I've come to tell you prayer at the time you spend in prayer the second my feet on the way to the bathroom me and the Lord have toilet time every single morning why I can't wake up without prayer you don't pray over your food it's because you think you provided it when

93 it says let's give thanks that means what it says we're giving thanks because without his strength we couldn't have worked for this food everything in prayer everything and proud without prayer is not humility wait without brother Bunch why when somebody asked me to pray what should I do I don't care if it's five seconds Lord you're you're able you're able and keep on why we just prove that we can't do it my grandmother was a prayer warriors show you how my grandma prayed and it was almost the same every time sister they'd say sister plural sister Catholic would you pray for me Lord you're

94 able I know you're able Oh Lord You're right that's all she would ever say you're able I'm not able you're able did you hear me I'm not able to do anything you are able you know we think every prescription now according to such and such and about hand and I come down we're gonna We cast the left demon down from the right heaven and we're gonna Accord no no no my grandma just said laundry what you're able to do it learn humility on the way to church when I'm getting ready to preach in my car the whole way God I can't do it but you're able you're able to bless your people I need help I can't do

95 this with my enemies give up on me to eat up my pleasure people think I'm strong no I'm weak don't you understand we have to run to the tower I have to run to the Strong Tower and say Lord you're ready you're able you're able to do it all Hallelujah it is not fasting that will make you Unborn it's not the lack of me that will make you humble it's not the lack of whatever that will make you humble prayer will make you okay [Applause] would you get to the point you man in this church y'all need to get more humble there's something that creeps up in men Pride you need to learn how to bow that

96 knee and say Lord I need a little help I can't hear this on my own I need help Lord and I want to give you my promise helps on the way [Music] Hallelujah when you don't call every employer you can think of for a job call on the Lord with tears in your eyes Lord I just need help Hallelujah and if you don't give it to you today get back down tomorrow be like that woman with the unjust judge go looking and knock again Hallelujah walk around them walls one more time with the chips witchcraft is a humble really oh yes they have herbs and oils and they've got everything but prayer when y'all run out

97 of your essential oils prayer will still work it's not what you pray it is the spirit that you pray from humility how much pride do you have today you may have more Pride than you realize when they call for prayer when I'm up here and I say right now the spirit of the Lord is here to heal the sick and you're sitting there sick but you won't move it's because you're full of life but if you're humble you need prayer oh it's somebody praying for me and put my hand right I need prayer prideful people they need a solution they need God and you find him in prayer Hallelujah these people had

98 voluntary humility and they worship angels guess who's never worshiped Jewish people

there's a law that if they do that they shall have no other come on so we know that the certain man that Paul is referring to are worshipers of false gods [Music] their commandment breaks but all your life you were taught that Paul was telling them not to go back to Judaism I was warning him not to go back to Sabbath keeping don't go back to what you used to do the only problem is they never did that this is what they did they worship Jewish people and they have a lot of things wrong one thing they wouldn't do

99 is worship any other God but the Shema hero Israel Lord our God is one so we know those certain they hit the certain men that is now mocking them they like to intrude into those things which they've not seen they love trees and visions and the spookier the dream I'm not against dreams not against Visions but I'm telling you if you spend more time in your dreams and your vision than you do on your knees in prayer you're intruding into things that you've not seen the portals to happen is always portals I wonder if listen that's people that want to intrude into spiritual things without going

100 through their knees to get there they want all together what's the Lord telling you they're telling you he told me you need to pray okay what's the Lord telling you oh but I want you better than that tell me what's the Lord telling you okay then I'll lie to you like I did last time and I tell you he's going to send JFK back okay good morning you don't know everybody wants to know the future everybody wants to know what tomorrow holds without surrendering today Hallelujah Glory they were vainly puffed up this that inboxed me every day to kill me that the red hippers oh carnal Minds because they

101 read the scriptures carnally they don't know that perfect red heifer came two thousand years ago and started building the Third Temple Hallelujah they'll chase after all of them oh doesn't want you you concerned about things he wants you concerned about changing you and preparing for his coming Hallelujah now who are these people Paul is really calling certain men that don't hold that they love everything but the word yahshua the word of God the head of the church love church but they ain't the head of the church this book what's the head of the United States the Constitution what's the head

102 of the church the word of God these are people that will hold on to dreams Christians no need and everything else but they will not submit to the word Yeshua himself because it's from the head that all the whole body and bands have nourishment Minister knit together they increase with the increase of God if you're in the word wherefore if you be dead with Christ from the rudiments of the world what are the rudiments of the world he just listed them am I losing y'all if I replied okay I got a room in my house I'm I'm just waiting on let look now so now after he describes who those men are now

103 he comes back to talk these young Christians again he said everything that I've just explained where the ruins of this world and you are being judged by these men that Yahweh yahshua has delivered you from ah as those are still living in the world not according to the Commandments this is not going back to Judaism it's going back to the world he said so why are you now becoming subject again to the ordinances Christian man thinks that saying why are you going back to the Sabbath they ordered it these are the ordinances or the rudiments of the world that they will be attempted to go back to

104 Hallelujah what are the rudiments what ordinances they want to go back to touch not no sex what do you think touch Mount was no sex I'm going to show you in a minute the ordinances of gnosticism and witchcraft and Catholicism to draw closer to God without going through Christ you can do all that the ordinances they had been delivered from was touched not taste not no meat hang on don't enjoy any pleasure which are all to perish with the using after the Commandments doctrines of who how dare you say the yacht the Sabbath was a doctrine of men the holy days that's yahweh's doctrines all of these

105 things all of these things taste God handle not they all have a show of wisdom in them everybody aspiring to Nirvana wisdom the next level in masonry everybody is their wisdom and they sound like a wish or not and humility and the neglecting of the body not in any honor nothing that satisfies the flesh for when you come into this message you're allowed to eat any cleanup you're allowed to have fun enjoy life you're not trying to reach God by what you give up you reach God because of what Christ gave up amen we don't reach God because we've given up anything yahshua gave up everything that's

106 how we reach God that's how we reach God through the head we've reached God through the head which is yahshua Hallelujah go back up to 6th Street now let's read it again don't let certain men condemn you for what you're eating what you're drinking now I didn't say you couldn't be judged it just they're certain men that's not qualified to judge you what man they're right there I talked about them worship false gods pagans don't let them condemn you because you're now keeping a holy day don't let them condemn you for the new month celebration or the Sabbath day because these are shadows of

107 things Hallelujah that's why we people they're still Shadows of things is a shadow of something still to come on who can that word is made all the difference take it out it's not supposed to be there let's do it this way don't let it go Glory [Music] folks it's that simple let those that you just came out of condemn you for keeping the Sabbath keeping the holy don't let them mock you don't let them make fun of you only the body of Christ can judge you now amen Mexico I'm trying to teach y'all these are requirements these are requirements they're not suggestions they are requirements why

108 because they're Shadows now let's talk about that go to the next screen hold on okay these Gentiles remember those words if y'all want to do your own research it's a good homework study on docitism and narcissism here's why it's a good step because you'll see it in all your friends you'll find out all modern day Christians agnosticism oh yeah it's Christian go to the next screen what is gnosticism super spirituality they will say that you are under bondage they are super spiritual they don't have to do all this stuff apparently extreme with a little regard for the written word or the main they

109 worship now they love to worship the Holy Spirit this generation loves the Holy Spirit but it is yeshua's word that yahweh's word they even left us but that word first John 4 2.

110 by this you will know the spirit of Yahweh every spirit that confesses that yahshua Messiah started in the flesh is of Yahweh what is one super spirituality watch this to help all of you understand something underneath Christian church today all love Holy Spirit go turn on anything you can they love Holy Spirit you know why he has been he just gives you a good feeling but according to what John just said they will not confess that fleshly yahshua that he started not some freak he started the flesh they don't like this you know why this man said if you love me my father's Commandments so what

111 you have today is Benny hamites that law of Holy Spirit but they will condemn you for keeping Commandments while they worship the Holy Spirit I don't know what I'm talking it every time I turn on a TV screen Holy Spirit you are welcome here but his Commandments aren't we had a great room of God did anybody preach on how to live your life holy before Yahweh well see that's why gnosticism and docitism in the church today loves good church they love to feel the spirit but they did not happen let's break it down politically breaking down we deny the head the head is the symbol of authority they

112 love the Holy Spirit but they refuse to submit to Authority ahead of the church according when John wrote this there is what was started in the church at that time there was a Doctrine going around the Earth John is fighting against that and if I yeah I didn't believe that yahshua was really flesh of dosages they believe that he was really not he went yeah he was human but

he looked like really human he was not really a man like they believed he was a spirit man it was like a he was just a a fan or a really yes he looked like so do angels absolutely angels look like us as well you know in

113 their minds there's no way he could be a ble all right so they begin to teach in the churches that yahshua did not begin in the flesh that it wasn't really what he was Super Fresh that's what and you know what John just said read it again John warned the church listen by this you will know the spirit of Yahweh every spirit that confesses that yahshua Messiah started in the flesh Church and Christ is another Christ brothers and sisters you need to know that this spirit is in the church today and they have taken yahshua turned him into the Holy Spirit and all of a sudden now you've just got this

114 spirit that floats around with no order Noah it's like this error developed out of the dualistic philosophy which views matter as evil according to the gnostics your flesh is evil I find that interesting since John Wayne created the flesh I'm trying to show you how fast it works now the flesh is evil so therefore touch not taste not the flesh no no that's not the message of Christianity the message of Christianity is enjoy the flesh while you overcome the flesh it's not run from the flesh you ain't got to do all that you would just overcome that on a daily basis your shaking thinking is I'm

115 serious your flesh ain't nothing more than a boat in a motor the boat motor ain't evil the one that drops it amen gone guns ain't evil it's the one holding it whoever's holding your thinking will determine whether your flesh is evil or not [Music] you're not at war with your flesh you're at war with your mind your flesh ain't evil but it's the mind of a man these Gentiles come from Pagan backgrounds stocatism they were forbidden to enjoy life in any way you ever been to a monastery complete silence knowing they dying to talk they took a vowel silence they're so scared of the flesh they're

116 scared to talk I'm not because I got a controller on my tongue you understand I got a controller on my tongue it called the Holy Spirit he controls my tongue he controls that boat motor do you understand you don't have to be afraid of your flesh just get in the spirit walk in the spirit next week the adherence shunned the material world they loved the spiritual world now they love Angels they love Visions they love dreams but you start preaching to them they teach that gnosis it's knowledge may be reached by practicing philanthropy personal poverty they took a vow of poverty the whole Catholic

117 Church is nothing but gnosticism fasting no wine no meat sexual abstinence and diligently searching for wisdom not helping others I must say something like it if you will give to Red Cross but you won't pay tithes to a church you're a rebellious simple you cannot help others enough to obey God donate you're agnostic you have reached that good thing you want a good feeling God's word know that you walked in obedience that's the best feeling in the world amen and they paid their tithes off of that item and I went to Sister Kendrick I said no mama you'd pay tithes on the whole sale instead of the

118 profit in other words you're only tithe on the prophet you know not on the whole I mean for example if I've got a house worth a hundred thousand that I put in it and I sell it for 200 000.

119 I owe 200 000. I don't know on the 200.

120 what do I owe them I want a hundred thousand I'ma just paid on the whole thing you know why no room for error Hallelujah no room for air opinions obedience come on now I'd rather go all the way in than all the way out I tried to tell her to take her money back you know I I she's like she basically told me to shut up boy you don't know what you're talking about hallelujah amen she's like I've been in this a long time Hallelujah know where my blessings come from obedience you can't but my people that wanna be hypnotic Christian but they won't give a dollar to God's work here's why they believe

121 that they're doing good things we are doing nothing you're not doing good things amen the word of God is eternal they believe that the world of God is eternal and not part of the physical it's in palpable but Timeless a common characteristic of some of these church was the teaching the realization of gnosis which is Terror esoteric do you know why we don't believe in palm reading you know what we don't believe in Ouija boards because my destiny it's not in that hand it's in his hand by true Israelite they're Gods it's not Yahweh none they believe the way you get to the Salvation of soul is

122 through ascended masters tuning in to the frequency is everywhere today churches that love the spirit but they would never come to a class like this ever they believe we're in bondage but they don't know today we're walking in more freedom than a human being to ever walk in when you walk in obedience to your heavenly father Hallelujah when you become one with him amen is there anything else I'll go to the screen real quickly said these are shadows of things to come every one of these feast days have not been fulfilled not one of them they're all Shadows things why has it pass over every

123 Messianic that I've ever met beliefs Passover has been fulfilled but why has Passover not been fulfilled because we're not quite the line with Yeshua in his father's Kingdom unleavened bread has not been fulfilled why we're still being 11.

124 first fruits has not been fulfilled why because the first trumpets not fulfilled at home field it's like none of them fulfilled so that's why Paul said don't let nobody condemn you for keeping them they are shadows still to come Hallelujah Hallelujah oh yeah Lord I got next screen next screen what'd you say 20 more slides oh my Feet's tired I can't do that all right let's pause there and um but I do want to touch on one more scripture that people will throw at you somebody find me the scripture um about not keeping not let out praise the Lord that's another one in the New Testament oh oh I'm

125 steaming one day above another yeah look up this give me let's go there real quick and I'm gonna let y'all go home we're gonna scream a little bit more and blow some more trumpets Eggman we ought to just change it to Spring day [Music] yeah stream day all right let's read Romans 14 and 5.

126 would you bring brother on the Blue Letter Bible would you bring that up I like that Romans 14. I'll pray for our media Ministry they'll still love their Pastor after Romans 14 and 5. read it back up to the people 14 and 5.

127 one man I see myth one day above another another esteemeth every day of life let every man be fully persuaded in his own mind okay y'all ready for the Christian interpretation if you want to keep the Sabbath keep it if you want to keep Sunday keep it as long as you're fully persuaded in your own mind amen that's what it looks like in other words if you just you won liners it's these one verse it's these one-liners and that ain't nothing you can do because here's what they do Richard they'll throw that one line and say I gotta go right hey well no that's what God's word said that settles it so

128 unfair so unfair so unfair all right the Sunday keeper say he that regardeth Sunday Monday whatever day they regard doing it to the Lord and he that regardeth not a Sabbath day unfortunately don't say that David they assume that we're preparing to to the Lord he doesn't regard it needed to the Lord for he giveth thanks and he that eateth not to the Lord heedth not to giveth in other words do what you want to do go to church when you want to go do your own thing worker believer do it your way right away [Music] if I didn't know how to study alcohol y'all ready to break it down let's go find our

129 contacts pull up well right all right contact this is about people that are weak in the faith receive I mean even though they're weak in the faith here's what Paul was saying there are some things we teach in this church that newcomer are still weak in their faith and they can't

quite get okay right but he didn't say that's an excuse for all of y'all to become weak in the face however with Shabbat here's your context someone comes in weak now according to Josephus the early church fasted every Thursday the whole church had a fast day I wouldn't mind starting like that where the whole church

130 had one day a week where we bashed it together I believe that would bring Unity I'll all date Pat would go from like nine to six amen he said and believes that he can eat anything you want now listen one believeth who is one that believeth that he made all things hang tight that's the one strong in the faith they know what meat is included okay but if someone is weak in the faith are a vegetarian these are people that came out of animals strong and the faith knows the word you can eat this you can eat all things anything that's clean you can eat it that's one of the faith but you have let not

131 him that eat that knows the word despise him that's weak in the word and let not him which not judge him that he for Yahweh has received that even though he's in need all right now this is very important who art thou that judges another man's servant to his own master say he shall be helped God is able to make him think so here's my question are you ready this believer that has joined the church just came out of paganism in those days all pagans fasted on Monday they all fasted on the day of the Moon the bride's gonna put the moon under her feet that's when they fasted so he's coming to the

132 church and there is a dispute going on over food not the Sabbath what days to eat and not eat and what you can eat and what you cannot eat okay so brothers and sisters we get to verse four a verse 5.

133 what man esteems one day above what's our contents food and now we get to the fasting part this weak believer is Mondays a church that is joined is fasting on Thursdays but people in the church are continuing him for fasting on Monday instead of on Thursday and he's judging the church for fasting on Thursday instead of Mondays and here's what no it's not about the day Saturday one man of stings one day above another and another extremist every day alive let every man be fully persuaded in his own mind what I do find interesting here is he doesn't say don't have a fast State he said just have

134 one now and then it'll get the next one he got regarded the day regardeth it to the Lord but look what our subject brings us back to is that either is aiding to the Lord whether he fast Monday Tuesday Wednesday Thursday why could Paul say this there's no Torah commandment when to fast as a matter of fact fasting is nowhere in the Torah did you know that not even I'm Yom Kippur commandment not one so my point Paul now Paul is so it looked like he's contradictory here by saying keep the Sabbath Paul Newman Paul would die before he contradict the Torah and guess what's in the talk the seventh day

135 of the week is Holy on the Galway Paul is not contradicting any of that finally one of the arguments is what Beach that Paul kept the Sabbath in the book of Acts alone I can show you 82 times Paul the seventh day of the week holy but you know what people tell me when I tell them that you know what they're going to tell you you're prepared that's when they went to church Paul what called the Jews he was called to the gentile girls you don't even know what you're talking about what no Gentiles at the synagogue on the Sabbath so why is Paul going he's not going to he's not called it's just trying

136 to evangelize Peter was doing that so try again this church will do anything in the world I'm not this age to keep from keeping the Sabbath day holy if you want to see the church World get upset it's in the Sabbath you know that I'll tell y'all something that must be a sign and Satan knows it Satan knows it this is why we keep the holy days always show up holy vegetables amen let's all stand today Hallelujah Hallelujah Hallelujah [Music] honey come on Alex thing a little bit we can Scream and Shout a few minutes we go straight it's almost probably almost
