

You will create a one minute biography. I will assign your subject. You will record this biography in Evernote on the iPad.

Steps:

1. Use notepad or MS Word to brainstorm, take notes, and write script. Script should have a beginning, middle and end. You should tag the broadcast with your name at the start and finish (Hi, this is Johnny and I'm going to tell you about the best baseball player you've ever seen....)

2. Practice reading the script out loud. It must be exactly one minute long.

3. Record in Evernote on the Ipad.

Log in : seymourhigh

PW: Wildcats

4. Open the Web Biography notebook. Click "New Note". Click microphone and it will automatically start recording.

a. Use first names for both you and your subject. "Rob is an actor" "This is Johnny reporting for Seymour High News"

b. be sure to include your name at the beginning and end of the broadcast

c. tell a story!!!

5. Listen to recording. Improve, edit, adapt.

6. Name File!!! First Initial, Last Name, Assignment (bschneider-evernote).

7. Click settings and "Synchronize"

You should try to finish during this period.

I hope this works.
