WHAT AM I LOOKING FOR?

I need to get to know someone before meeting. I like detail when chatting and I like the person to be chatty with not one word answers. I am ideally looking to start a long term affair with someone which could even lead to something full time. I like to share my pics and content with others so ideally I would film us sexually but could blur your face etc.

IDEAL PERSON

Someone who can give us time. I know this is a big ask. Retired or self-employed preferred. I like roleplay and to text chat on teams. Video call when we are both comfortable. Someone to share my life and sexual fantasies with. They need to be fun, intelligent and want to explore lots sexually.

MEET LOGISTICS

I would meet you at your house or out somewhere we could meet in my van initially or maybe at my office when possible.

ABOUT ME

AGE & LOCATION

Late 40's. Swindon, Wiltshire. I have autism and ADHD but I am high functioning. How this affects me is with some communication, mainly initial contact.

SEXUAL ORIENTATION

I am naturally dominant in life. I've lived with women all my life. For me it's all about the mental connection rather than the sex of the person.

TURN ONS

Lingerie / PVC - It's simple. Wearing it, playing with it, online shopping for it, talking about it. Love a person to send me links to sexy clothing etc.

Shaven cocks - In lingerie and sexy trans porn.

Group sex - Where a girl is being taken by a group of men.

Cum - Have a fascination with it and seeing men cum. People covered in cum to excess.

MY BODY

Height - Six foot, broad build.

Weight - Just over 16.5 stone. I am currently on diet jabs and have lost 5 stone.

Cock / clit - When erect I am maybe 6 inches and fairly thick. **My foreskin does not go back** as it's too tight. This appears to have put some people off. It is what it is. Meet me like it or don't. I am always wet shaven around arse, cock and balls.

Body hair - I am wet shaven from the neck down. Arms are like normal guy from elbow down but I wear gloves on my arms.

Head - Wet shaven.

Face - Closely cropped beard 3mm. I wear a full hood for a meeting or maybe a wet shave if possible.

CLOTHING SIZES AND LINGERIE

My preferred lingerie style is really skimpy, slutty dom. I mainly buy from TEMU.

Bust: (Around nipples): 47 inches or 120cm **Under bust:** 46 inches or 117cm

Waist: (Around navel): 42 inches or 107cm **Hips:** 42 inches or 107cm

Thigh: 23 inches or 59cm. **Collar:** 17 inches or 44cm.

Dress size: 18 ish due to current belly mainly. **Skirt and knicker size:** Generally 16 - 18 but depends on what brand,
(As of 24/8/26)

HOME / WORK LIFE - LIMITATIONS

I have Monday, Wednesday and Friday daytimes and occasionally get a whole Saturday to myself to dress. I have an office near me where I can dress. Sometimes also on weekends. The work freedom means I am most commonly around during the working day. I stay away a fair bit in London mainly.

CURRENT SEXUAL EXPERIENCE

Mainly generic women. Met 4 submissive cd's. Never been with a guy or sucked a guy. I don't see sex as love making. For me it's more fun and a way to release tension and please my partner.

FUTURE SEXUAL EXPERIENCES

I want to try so much. I love my nipples being licked. I want to explore sex outdoors and love roleplay. I am very very creative and want to transfer that into the bedroom.

DRESSING JOURNEY

I started dressing in 2001 when a gf left me and all her lingerie. In 2009 I got married and it all stopped. In 2013 it started again but in the closet as it has remained since. I love the feeling of wearing lingerie and how it makes me feel like a sexy dom bitch.

Tell me about you.....x
