A Lecture By Phil Schneider: May 1995

Phil Schneider, a very brave man, recently lost his life due to what appeared to

be a military-style execution in January 1996. He was found dead in his

apartment with piano wire still wrapped around his neck. According to some

sources, he had been brutally tortured repeated before being killed. Phil

Schneider was an ex-government engineer who was involved in building underground

bases. He was one of three people to survive the 1979 fire fight between the

large Greys and U.S. intelligence and military forces at Dulce underground base.

In May 1995, Phil Schneider did a lecture on what he had discovered. Seven

months later he was tortured and kill by those for whom he previously worked.

This man's final acts should not go unnoticed.

The May 1995 Lecture by Phil Schneider

"It is because of the horrendous structure of the federal government that I feel $\$

directly imperiled not to tell anybody about this material. How long I will be

able to do this is anybody's guess. However, I would like to mention that this

talk is going to be broken up into four main topics. Each of these topics will

have some bearing on what you people are involved in, whether you are patriots or not.

I want you to know that these United States are a beautiful place. I have gone

to more than 70 countries, and I cannot remember any country that has the $\,$

beauty, as well as the magnificence of its people, like these United States.

To give you an overview of basically what I am , I started off and went through

engineering school. Half of my school was in that field, and I built up a

reputation for being a geological engineer, as well as a structural engineer

with both military and aerospace applications. I have helped build two main

bases in the United States that have some significance as far as what is called

the New World Order . The first base is the one at Dulce, New Mexico. I was

involved in 1979 in a firefight with alien humanoids, and I was one of the

survivors. I'm probably the only talking survivor you will ever hear. Two other

survivors are under close guard. I am the only one left that knows the detailed

files of the entire operation. Sixty-six secret service agents, ${\tt FBI}$, ${\tt Black}$

Berets and the like, died in that firefight. I was there.

Number one, part of what I am going to tell you is going to be very shocking.

Part of what I am going to tell you is probably going to be very unbelievable,

though, instead of putting your glasses on, I'm going to ask you to put your

"scepticals" on. But please, feel free to do your own homework. I know the

Freedom of Information Act isn't much to go on, but it's the best we've got. The

local law library is a good place to look for Congressional Records. So, if one

continues to do their homework, then one can be standing vigilant in regard to their country.

Deep Underground Military Bases and the Black Budget

I love the country I am living in more than I love my life, but I would not be

standing before you now, risking my life, if I did not believe it was so. The

first part of this talk is going to concern deep underground military bases and

the black budget. The Black Budget is a secretive budget that garners 25% of the

gross national product of the United States. The Black Budget currently consumes

\$1.25 trillion per year. At least this amount is used in black programs, like

those concerned with deep underground military bases.

Presently, there are 129

deep underground military bases in the United States.

They have been building these 129 bases day and night, unceasingly, since the

early 1940's. Some of them were built even earlier than that. These bases are

basically large cities underground connected by high-speed magneto-leviton

trains that have speeds up to Mach 2. Several books have been written about this

activity. Al Bielek has my only copy of one of them. Richard Sauder, a Ph.D

architect, has risked his life by talking about this. He worked with a number of

government agencies on deep underground military bases. In around where you

live, in Idaho, there are 11 of them.

The average depth of these bases is over a mile, and they again are basically

whole cities underground. They all are between 2.66 and 4.25 cubic miles in

size. They have laser drilling machines that can drill a tunnel seven miles long

in one day. The Black Projects sidestep the authority of Congress, which as we

know is illegal. Right now, the New World Order is depending on these bases. If

I had known at the time I was working on them that the NWO was involved, I would

not have done it. I was lied to rather extensively.

Development of Military Technology, Implied German Interest in Hyperspacial

Technology, and More

Basically, as far as technology is concerned, for every calendar year that

transpires, military technology increases about 44.5 years. This is why it is

easy to understand that back in 1943 they were able to create, through the use

of vacuum tube technology, a ship that could literally disappear from one place

and appear in another place. My father, Otto Oscar Schneider, fought on both

sides of the war. He was originally a U-boat captain, and was captured and

repatriated in the United States. He was involved with different kinds of

concerns, such as the A-bomb, the H-bomb and the Philadelphia Experiment. He

invented a high-speed camera that took pictures of the first atomic tests at

Bikini Island on July 12, 1946. I have original photographs of that test, and

the photos also show UFO's fleeing the bomb site at a high rate of speed.

Bikini Island at the time was infested with them, especially under the water,

and the natives had problems with their animals being mutilated. At that time,

General MacArthur felt that the next war would be with aliens from other worlds.

Anyway, my father laid the groundwork with theoreticians about the Philadelphia

experiment, as well as other experiments. What does that have to do with me?

Nothing, other than the fact that he was my father. I don't agree with what he

did on the other side, but I think he had a lot of guts in coming here. He was

hated in Germany. There was a \$1 million reward, payable in gold , to anyone who

killed him. Obviously, they didn't succeed. Anyway, back to our topic -deep

underground bases.

The Fire Fight At Dulce Base

Back in 1954, under the Eisenhower administration, the federal government

decided to circumvent the Constitution of the United States and form a treaty

with alien entities. It was called the 1954 Greada Treaty, which basically made

the agreement that the aliens involved could take a few cows and test their

implanting techniques on a few human beings, but that they had to give details

about the people involved. Slowly, the aliens altered the bargain until they

decided they wouldn't abide by it at all. Back in 1979, this was the reality,

and the firefight at Dulce occurred quite by accident. I was involved in

building an addition to the deep underground military base at Dulce, which is

probably the deepest base. It goes down seven levels and over 2.5 miles deep. At

that particular time, we had drilled four distinct holes in the desert, and we

were going to link them together and blow out large sections at a time. My job

was to go down the holes and check the rock samples, and recommend the explosive

to deal with the particular rock. As I was headed down there, we found ourselves

amidst a large cavern that was full of outer-space aliens, otherwise known as

large Greys. I shot two of them. At that time, there were 30 people down there.

About 40 more came down after this started, and all of them got killed. We had

surprised a whole underground base of existing aliens. Later, we found out that

they had been living on our planet for a long time, perhaps a million years.

This could explain a lot of what is behind the theory of ancient astronauts.

Anyway, I got shot in the chest with one of their weapons, which was a box on

their body, that blew a hole in me and gave me a nasty dose of cobalt radiation.

I have had cancer because of that. I didn't get really interested in UFO

technology until I started work at Area 51, north of Las Vegas. After about two

years recuperating after the 1979 incident, I went back to work for Morrison and

Knudson, EG&G and other companies. At Area 51, they were testing all kinds of

peculiar spacecraft. How many people here are familiar with Bob Lazar's story?

He was a physicist working at Area 51 trying to decipher the propulsion factor $\,$

in some of these craft.

Schneider's Worries About Government Factions, Railroad Cars and Shackle Contracts

Now, I am very worried about the activity of the federal government. They have

lied to the public, stonewalled Senators, and have refused to tell the truth in

regard to alien matters. I can go on and on. I can tell you that I am rather

disgruntled. Recently, I knew someone who lived near where I live in Portland,

Oregon. He worked at Gunderson Steel Fabrication, where they make railroad cars.

Now, I knew this fellow for the better part of 30 years, and he was kind of a

quiet type. He came in to see me one day, excited, and he told me "they're

building prisoner cars." He was nervous. Gunderson, he said, had a contract with

the federal government to build 107,200 full length railroad cars, each with 143

pairs of shackles. There are 11 sub-contractors in this giant project.

Supposedly, Gunderson got over 2 billion dollars for the contract. Bethlehem

Steel and other steel outfits are involved. He showed me one of the cars in the

rail yards in North Portland. He was right. If you multiply 107,200 times 143,

you come up with about 15,000,000. This is probably the number of people who

disagree with the federal government. No more can you vote any of these people

out of office. Our present structure of government is "technocracy", not

democracy, and it is a form of feudalism. It has nothing to do with the republic

of the United States. I believe we can do better. I also believe that the

federal government is running the gambit of enslaving the people of the United

States. I am not a very good speaker, but I'll keep shooting my mouth off until

somebody puts a bullet in me, because it's worth it to talk to a group like this about these atrocities.

America's Black Program Contractors

There are other problems. I have some interesting 1993 figures. There are 29

prototype stealth aircraft presently. The budget from the U.S. Congress

five-year plan for these is \$245.6 million. You couldn't buy the spare parts for

these black programs for that amount. So, we've been lied to. The black budget

is roughly \$1.3 trillion every two years. A trillion is a thousand billion. A

trillion dollars weighs 11 tons. The U.S. Congress never sees the books involved

with this clandestine pot of gold. Contractors of stealth programs: EG&G,

Westinghouse, McDonnell Douglas, Morrison-Knudson, Wackenhut Security Systems,

Boeing Aerospace, Lorimar Aerospace, Aerospacial in France, Mitsubishi

Industries, Rider Trucks, Bechtel, I.G.Farben, plus a host of hundreds more. Is

this what we are supposed to be living up to as freedom-loving people? I don't believe so.

Star Wars and Apparent Alien Threat

Still, 68% of the military budget is directly or indirectly effected by the

black budget. Star Wars relies heavily upon stealth weaponry. By the way, none

of the stealth program would have been available if we had not taken apart

crashed alien disks. None of it. Some of you might ask what the "space shuttle"

is "shuttling". Large ingots of special metals that are milled in space and

cannot be produced on the surface of the earth. They need the near vacuum of

outer space to produce them. We are not even being told anything close to the

truth. I believe our government officials have sold us down the drain - lock, $% \left(1\right) =\left(1\right) +\left(1$

stock and barrel. Up until several weeks ago, I was employed by the U.S.

government with a Ryolite-38 clearance factor - one of the highest in the world.

I believe the Star Wars program is there solely to act as a buffer to prevent

alien attack — it can nothing to do with the "cold war", which was only a toy to

garner money from all the people – for what? The whole lie was planned and $% \left(1\right) =\left(1\right) +\left(1\right)$

executed for the last 75 years.

Stealth Aircraft Technology Use by U.S. Agencies and the United Nations

Here's another piece of information for you folks. The Drug Enforcement

Administration and the BATF rely on stealth tactical weaponry for as much as 40%

of their operations budget. This in 1993, and the figures have gone up

considerably since. The United Nations used American stealth aircraft for over

28% of its collective worldwide operations from 1990 to 1992, according to the

Center for Strategic Studies and UN Report 3092.

The Guardians of Stealth and Delta Force Origins of the Bosnia Conflict

The Guardians of Stealth: There are at least three distinct classifications of

police that guard our most well-kept secrets. Number one, the Military Joint

Tactical Force (MJTF), sometimes called the Delta Force or Black Berets, is a

multi-national tactical force primarily used to guard the various stealth

aircraft worldwide. By the way, there were 172 stealth aircraft built. Ten

crashed, so there were at last count about 162. Bill Clinton signed them away

about six weeks ago to the United Nations. There have been indications that the

Delta Force was sent over to Bosnia during the last days of the Bush

administration as a covert sniper force, and that they started taking pot shots

at each side of the controversy, in order to actually start the Bosnia conflict

that would be used by succeeding administrations for political purposes.

Thoughts on the Bombings in the United States

I was hired not too long ago to do a report on the World Trade Center bombing. I

was hired because I know about the 90 some-odd varieties of chemical explosives.

I looked at the pictures taken right after the blast. The concrete was puddled

and melted. The steel and the rebar was literally extruded up to six feet longer

than its original length. There is only one weapon that can do that — a small $\,$

nuclear weapon. That's a construction-type nuclear device. Obviously, when they

say that it was a nitrate explosive that did the damage, they're lying 100%,

folks. The people they have in custody probably didn't do the crime. However, I

want to further mention that with the last explosion in Oklahoma City, they are

saying that it was a nitrate or fertilizer bomb that did it. First, they came

out and said it was a 1,000 pound fertilizer bomb. Then, it was 1,500. Then

2,000 pounds. Now its 20,000. You can't put 20,000 pounds of fertilizer in a

Rider Truck. Now, I've never mixed explosives, per se. I know the chemical

structure and the application of construction explosives. My reputation was

based on it. I helped hollow out more than 13 deep underground military bases in

the United States. I worked on the Malta project, in West Germany, in Spain and

in Italy. I can tell you from experience that a nitrate explosion would not have

hardly shattered the windows of the federal building in ${\tt Oklahoma\ City.\ It\ would}$

have killed a few people and knocked part of the facing off the building, but it

would have never have done that kind of damage. I believe I have been lied to,

and I am not taking it any longer, so I'm telling you that you've been lied to.

The Truth Behind the Republican Contract With America

I don't perceive at this time that we have too much more than six months of life

left in this country, at the present rate. We are the laughing stock of the $\,$

world, because we are being hoodwinked by so many evil people that are running

this country. I think we can do better. I think the people over 45 are seriously

worried about their future. I'm going to run some scary scenarios by you. The $\,$

Contract With America. It contains the same terminology that Adolph Hitler used

to subvert Germany in 1931. I believe we can do better. The Contract With

America is a last ditch effort by our federal government to tear away the

Constitution and the Bill of Rights.

Some Statistics on the Black Helicopter Presence

The black helicopters. There are over 64,000 black helicopters in the United

States. For every hour that goes by, there is one being built. Is this the

proper use of our money? What does the federal government need 64,000 tactical

helicopters for, if they are not trying to enslave us. I doubt if the entire

military needs 64,000 worldwide. I doubt if all the world needs that many. There

are 157 F-117A stealth aircraft loaded with LIDAR and computer-enhanced imaging

radar. They can see you walking from room to room when they fly over your house.

They see objects in the house from the air with a variation limit of 1 inch to

30,000 miles. That's how accurate that it. Now, I worked in the federal

government for a long time, and I know exactly how they handle their business.

Government Earthquake Device, AIDS as a Bioweapon based on Alien excretions

The federal government has now invented an earthquake device. I am a geologist,

and I know what I am talking about. With the Kobe earthquake in Japan, there was

no pulsewave as in a normal earthquake. None. In 1989, there was an earthquake

in San Francisco. There was no pulse wave with that one either. It is a TESLA

device that is being used for evil purposes. The black budget programs have

subverted science as we know it. Look at AIDs, invented by the National

Ordinance Laboratory in Chicago, Illinois in 1972. It was a biological weapon to

be used against the people of the United States. The reason I know this is that

I have seen the documentation by the Office of Strategic Services, which by the

way is still in operation to this day, through the CDC in Atlanta. They used the

glandular excretions of animals, humans and alien humanoids to create the virus.

These alien humanoids the government is hobnobbing with are the worst news.

There is absolutely no defense against their germs - none. They are a biological

weapon of terrible consequence. Every alien on the planet needs to be isolated.

Saddam Hussein killed 3.5 million Kurdish people with a similar biological

weapon. Do we, the people of this planet, deserve this? No, we don't, but we are

not doing anything about it. Every moment we waste, we are doing other people on

the planet a disservice. Right now, I am dying of cancer that I contracted

because of my work for the federal government. I might live six months. I might

not. I will tell you one thing. If I keep speaking out like I am, maybe God will

give me the life to talk my head off. I will break every law that it takes to

talk my head off. Eleven of my best friends in the last 22 years have been

murdered. Eight of the murders were called "suicides." Before I went to talk in

Las Vegas, I drove a friend down to Joshua Tree, near 29 Palms. I drove into the

mountains in order to get to Needles, California, and I was followed by two

government E-350 vans with G-14 plates, each with a couple of occupants, one of

which had an Uzi. I knew exactly who they were. I have spoken 19 times and have

probably reached 45,000 people. Well, I got ahead of them and came to a stop in

the middle of the road. They both went on either side of me and down a ravine.

Is this what its going to take? I cut up my security card and sent it back to

the government, and told them if I was threatened, and I have been, that I was $\[$

going to upload 140,000 pages of documentation to the internet about government

structure and the whole plan. I have already begun that task. Thank you very $\ensuremath{\mathsf{much}}\xspace.$

(Thanks Val V. for sending this!!)
This is an interesting report in part on the underground bases and other crap that is going on and has gone on behind the scenes for years and years.
