OPENING MATCH: SHOWCASE

Opening up post pre-show, we will see Charly take on Alex Andrews in Singles Action. Alex is on the back end of several losses and her morale seems pretty low. So, a win here could be a big pick me up. However, Charly is no easy feat. She is tough and hardcore and isn't afraid to push the limits. But, only one can prevail in the end... Who will it be?

MATCH TWO: TAG TEAM TURMOIL

With the JAWBRKR Tag Team Championships having been vacated several weeks ago, the time is NOW to crown a new set of champions. This is a special match type, and one team will leave with gold around their waists. In this Tag Team Turmoil match, it's Capture The Flag! Each team has a total of five flags

hidden in and/or around the arena. This is a Falls Count Anywhere, Anything Goes match. In order to be declared the winner, a team must successfully capture all five of their opponents flags. Once all five flags are collected, pinfall towards the win can be counted.

MATCH THREE: GRUDGE MATCH

In this match, two enemies come head to head to truly put an end to their rivalry. After months of mind games and attacks, Sammie Wade takes on Caroline Dallins in a Grudge Match! In order to win, you must submit or pin your opponent. Only one will win, but who will it be?

MATCH FOUR: INAUGURAL ENDURANCE CHAMPIONSHIP MATCH

After weeks of back and forth and even a brutal attack on Ricky at the hands of Asher, all bets are finally off. Two technically sound professional wrestlers with one goal: Collect gold. Unfortunately, only one of them can truly have what they want. Of course, the Endurance Championship does have rules. So, let's go over them, shall we?

- *All opponents have a maximum of three rope breaks to break pinfalls or submissions. After using all three, rope breaks no longer can be used.*
- *After rope breaks are all used up, submissions or pin attempts under the ropes are considered legal.*
- *There are to be absolutely no close-fist punches. All strikes should be open-handed.*
- *If you are caught using a close-fist strike, you will immediately be disqualified.*
- *The title can change hands via pinfall, submission, disqualification, and/or countout.*
- *Outside interference on anyone's behalf will result in the interfering wrestler being suspended and fined.*
- *If a match reaches a time limit draw, the judges will decide upon a winner.*

MATCH FIVE: SHOWCASE

After back and forth and empty threats, it's finally time for these two to come face to face. In a Showcase Match, Serena Riot takes on Darcy Graves. All bets are off and Serena is looking to teach Darcy a lesson. After all, revenge is a dish best served ice cold.

MATCH SIX: FEMME FATALE CHAMPIONSHIP LADDER MATCH

After the announcement that there would be a brand new championship introduced for the women, a match was quickly set for Bad Blood. All six women are in for one hell of a ride as the Femme Fatale Championship hangs dangerously high above the rafters. The only way to win is by climbing the ladder and successfully securing the championship in your grasp. Will it be Erissa, Rashida Reinthaler, Jessi Ozborne, Indigo Rosalez, Melanie Myer, or Cassandra Craven? Only one can win!

MAIN EVENT: INFERNAL RAMPAGE MATCH

In our final match of the night, a match months in the making finally comes to life. Emily Schwarz will be unifying the LOC and DYSTOPIA World Championships with the JAWBRKR World Championship, win or lose. In this match, a steel cage wrapped in barbed wire surrounds the ring and weapons are scattered around. As well as clinging to the cage. In order to win, you must successfully pin or submit any opponent. You can also win by scaling the steel cage and climbing out over the roof and touching

both feet to the outside mats. This match will truly be one that's full of chaos and bloodshed. Will we crown a new World Champion?
