D. compete

**II. Read the following passage, and then choose the correct answer A, B or C**

The sun is a powerful energy source, and solar energy is the largest source of energy received by the earth. It is a clean and renewable energy source. The amount of solar energy produced in an hour can be enough for the earth's population to use for one year. It is pollution-free and causes no greenhouse gases. We cannot run out of solar energy, unlike some of the other sources of energy. It is extremely beneficial to our life. Solar energy can be used to heat water, **power** homes, buildings and even cars. That means we can reduce our electricity bills and reduce our dependence on oil and fossil fuels. And hopefully, technology improvements in the coming years will enable us to use solar energy more widely.

31. What is the passage mainly about?

A. Both the advantages and disadvantages of solar energy.

B. The way to use solar energy.

C. The advantages of solar energy.

32. According to the text, which statement is **true**?

A. Solar energy is a clean and renewable energy source.

B. Solar energy may cause greenhouse gases.

C. The solar energy produced in an hour is enough for everyone to use for many years.

33. Which of the following is **NOT** a benefit of using solar energy?

A. Heating water

B. Reducing the water bill

C. Saving oil and fossil fuels

34. What does the word **power** in line 5 probably mean?

A. To provide something with electricity.

B. To build something with technology.

C. To fix something with electricity.

35. What can we understand from the text?

A. In the future, people will depend more on oil and fossil fuels.

B. With the technology improvements, more people will be able to use solar energy.

C. Solar energy causes a little pollution to our environment.

**D. WRITING (2.0 points)**

**Write a paragraph of about 70-90 words about the traffic problems in your area. You should use the cues given.**

What the traffic problems are.

Reasons of these problems

How to solve these problems
