Open discussion

1. Budget discussion and clarification on aides. There's an aide budget and it can be supplemented with the TSSA and Land Trust
2. Explanation of FTE's and how they are allotted per school. This school year we were allotted 30 FTE's. Next year, we are allotted 27.5, so two teachers will be displaced. With the half FTE the money can be used for aides, hiring a half time teacher or a full time and supplement the paycheck with another budget. Shellie has a draft of how she wants to use TSSA for but it's not finalized yet.
3. Question was asked about how many classes we will have in 6th grade.

4. Question was asked about doing an incentive to support and encourage good behavior in May. Amber Linton will donate the prizes and she suggested a raffle, Shellie mentioned getting the help of the Student Council to organize it.

Next meeting - May 23, 2025 at 7:30

1. Introduce the new members of the community council.

Amber Linton adjourned the meeting.
