Terms & Conditions

This document sets out the rules for using Prompts for Vyond AI Video on your mobile device. The Application and all associated services are provided by SFERA AIKIU TOV ("Service Provider"). When you download or use the Application, you are agreeing to follow these rules. Please read them carefully before you start.

Termination

Your access to the Application may be suspended or terminated if you break these Terms. Here is what happens:

If you breach the Terms in a way that can be fixed, the Service Provider will notify you in writing and give you 14 days to resolve the issue. If you do not fix it, your access may be terminated.

Some serious violations — like breaking the law, infringing intellectual property, or putting others at risk — may result in immediate suspension or termination without warning.

Once your access is terminated, you must remove all copies of the Application from your devices.

You also confirm that you are at least 16 years old and that using the Application is legal where you live.

Intellectual Property

All intellectual property in the Application — including source code, design, trademarks, trade names, logos, and branding — belongs exclusively to the Service Provider. These Terms do not grant you any rights to use the Service Provider's IP. You must not remove, modify, or obscure any copyright or trademark notices in or on the Application.

Limitation of Liability

The Service Provider's responsibility for any harm you suffer is limited. Specifically, the Service Provider will not be liable for indirect or unexpected losses — such as lost profits, loss of data, or disruption to your business — even if such losses were foreseeable.

There are some exceptions. The Service Provider is always fully responsible for:
• Death or personal injury caused by its own negligence
• Fraud or deliberate misrepresentation
• Any liability that law does not allow to be excluded

If you paid for the Application, the most the Service Provider can owe you is the amount you paid in the last 12 months. If the Application is free, the Service Provider's liability is limited to the minimum allowed by law.

The Service Provider is not responsible for inaccuracies in third-party information displayed through the Application.

Indemnification

To the fullest extent permitted by law, you agree to indemnify and hold harmless the Service Provider, its affiliates, officers, directors, employees and agents from and against any claims, liabilities, damages, losses and expenses, including reasonable legal fees, arising out of or directly related to your breach of these Terms or your intentional misuse of the Application, including User-Generated Content you submit in violation of these Terms.

This indemnification does not apply to claims arising from the Service Provider's own negligence, breach of these Terms, or violation of applicable law. In jurisdictions where consumer indemnification is restricted by law, this clause shall be limited to the maximum extent permitted.

The Service Provider may wish to update the Application at some point. The Application is currently available as per the requirements for the operating system, which may change, and you will need to download the updates if you want to continue using the Application. The Service Provider does not guarantee that it will always update the Application so that it is relevant to you or compatible with the particular operating system version installed on your device. You should accept updates when offered; if you choose not to, the Application may not function properly. The Service Provider may also cease providing the Application and may terminate its use at any time. Upon termination, (a) the rights and licences granted to you will end; (b) you must cease using the Application, and if necessary, delete it from your device.

Governing Law and Jurisdiction

These Terms are governed by the laws of the jurisdiction where the Service Provider is established, unless mandatory consumer protection laws in your country require otherwise.

Disputes relating to these Terms shall be subject to the jurisdiction of the competent courts under applicable law. Your right to seek redress before courts with mandatory jurisdiction is not restricted by this clause.

Entire Agreement

These Terms, together with the Privacy Policy, form the complete agreement between you and the Service Provider regarding the Application. They replace all prior communications, understandings, or agreements on the same subject.

Severability

In the event that any provision of these Terms is determined by a competent court to be invalid, illegal, or unenforceable, that provision shall be modified only to the extent required to cure the defect. The validity and enforceability of all remaining provisions shall not be affected.

Changes to These Terms and Conditions

The Service Provider reserves the right to amend these Terms at any time. Changes will be posted on this page with an updated effective date. You are responsible for reviewing the Terms periodically.

Your continued use of the Application following any update constitutes your acceptance of the revised Terms. Previous versions are available on request at hellsferaakiutovom@outlook.com.

Effective date: 2026-08-16.

License to use the Application

The Service Provider grants you a personal use licence with the following characteristics:

Permitted:
• Installing the Application on your mobile device
• Using the Application for personal or internal business purposes

Prohibited:
• Reproducing, distributing, or sublicensing the Application
• Modifying or creating derivative works
• Reverse engineering, decompiling, or disassembling
• Any use beyond what is expressly granted

This licence is limited, non-exclusive, non-transferable, and may be revoked for breach of these Terms. Exceptions apply only as required by law.

User-Generated Content and Acceptable Use

If the Application lets you post, share, or upload content, here are the rules.

What you must not post:
• Anything illegal or that infringes someone else's copyright, trademark, or patents
• Abusive, threatening, harassing, or hateful content
• Content that incites violence or discrimination
• Spam, phishing messages, or malware

• Content that exposes others' private information without their consent
• Deliberately false or misleading content
• Inappropriate explicit content not behind proper age gates

If you post content that breaks these rules, the Service Provider may remove it, restrict your account, or report it to authorities.

When you post content, you give the Service Provider permission to use it within the Application. You keep ownership, but the Service Provider can display, reproduce, and share it as part of running the app. You cannot post content you do not have rights to.

Some practical notes: the app needs an internet connection to work fully. Using it on mobile data may incur charges from your provider. You should not jailbreak your phone, as this may affect how the app works. Your consumer rights under applicable law are not affected by these Terms.

Artificial Intelligence

Certain features of the Application are powered by Artificial Intelligence. When you interact with these features, AI systems process the relevant data to deliver outputs or functionality. The Service Provider uses AI in compliance with applicable law and does not use AI to make decisions about you in ways that have significant legal or equivalent effects without appropriate human oversight.

DSA Compliance (Digital Services Act)

These provisions apply where the Application is an intermediary service under the DSA (Regulation (EU) 2022/2065).

Contact: hellsferaakiutovom@outlook.com serves as the EU point of contact. An EU legal representative is designated where required.

Moderation transparency: affected users receive statements of reasons for restrictions (Art. 17 DSA). Illegal content notices are processed under Art. 16 DSA. Disputes may go to a certified out-of-court body (Art. 21 DSA). Transparency reports are available on request (Art. 24 DSA).
