Coffee Turret – 30 Silver

Your new kitchen buddy! This hybrid coffee pot and golem has been given a mesmeric database, allowing it to remember the specific coffee made inside of it and brew it again on command. Comes with 2 preloaded recipes, a sleek copper finish, and a self cleaning routine. Requires Class-3 arcane crystals.

The Shoremat – 15 Silver

Coming home from somewhere dirty? Try the Shoremat! Using a mixture of water signets and miniaturized scrubbers, this door mat can automatically clean the bottom of your shoes. Requires five seconds of continuous contact, weight limit of 700 pounds.

Jar Unsealer 2000 – 5 Silver

Never have a jar unopened! This compact device can be placed on top of and open any Human or Asura sized jar. Folds away easily and is guaranteed to open most twist-based jars!

Neverlinter – 5 Silver

Got a pet problem? Really dry scalp? Worry no more. This handcrafted lint roller uses a localized static field to draw out dead skin and hair. Safe for use on clothing, upholstery, and fur! No need to peel or wash, just twist the knob on the handle.

The Boaster – 7 Silver

The iconic product you all know and love! The Boaster is a hand-crafted toaster with modular pressurized coils, allowing you to not only customize your level of toastiness, but heat up entire sandwiches with ease! Intuitive to use, comes apart easily, and incredibly easy to clean. Don't just get a toaster, get a Boaster.

Gadgets

Deployable Chair – 10 Silver

Looking for a place to sit down? This compact chair is the size of an average coffee thermos, and can instantly expand outwards into a durable stool wherever you need it! Utilizes a special-made alloy to keep it lightweight and durable. Weight limit of 400 pounds.

The Schtick – 5 Silver

Have you ever just needed a stick? Here it is! This extending stick folds up to be the size of a pen, but can grow up to 10 feet long, with interchangeable magnetic, suction cup, and rubber tips. Never be caught without a stick ever again! Not recommended for self defense.

Tyria's Greatest Torch - 7 Silver

This all-in-one darksteel arcane torch can produce light for up to 72 hours on a single charge, with a waterproof coating to keep it running through the worst environments. Produces minimal heat and has a built in compass.

Everlooking Glasses - 15 Silver

Never be caught off-guard again. These handcrafted goggles are built in with a variety of specialized lenses, including variable magnification via dials on the left eye. Also comes with a togglable illusion-catching lens, capable of highlighting minor mesmeric illusions and invisibility.

Big Red Arrow - 5 Silver

Ever wanted to really grab attention to something? The Big Red Arrow is a small watchwork device capable of deploying and inflating a red balloon shaped like an arrow. Can either be put on a built in stand or worn on the head via a provided strap. Stays inflated for 24 hours, and can be set to go-off on a timer.

Amusements

Repeating Harmonica - 20 Silver

Ever wanted your harmonica to sound like something else? In comes the Repeating Harmonica. Use the specialized Air signet on the top of the device to record a 3-second noise. For the next ten minutes, the Harmonica will play that noise in whatever key you've chosen.

Overly Dramatic Cape - 20 Silver

Let everyone know how dark and mysterious you are. This seemingly ordinary cape is made with miniature air-infused crystals. When exposed to even the smallest natural breeze, it will billow as if being subjected to winds twice as strong. Comes in white, black, blue, and red. One size fits all.

Windless Kite - 5 Silver

A novelty for children and kite enthusiasts. This basic diamond kite absorbs wind magic when flown. By tugging on the tail, you can cause it to fly on its own for up to thirty minutes using the stored magic.

Seeing-Eye Frog - 5 Silver

Ever wanted to drive your housemates insane? Purchase this. This tiny Watchwork Frog does very little. What it does do however is let out a small ribbit whenever someone passes by it's eyes, with the length of the ribbit varying on how fast the person is going. Lasts 1 week on a single signet charge under normal use.

Consultation

Custom Gadgets - Variable

Need something handcrafted that's not listed here? Either see me personally or mail me a letter at my Garenhoff address. I have experience in a wide range of watchwork technology, smithing, tinkering, magitech, charr engineering, and jadetech. Price and time will vary based on the item's complexity and materials. I do not make full-size vehicles or golems above two feet tall, and reserve the right to deny any request.
