

2nd GRADE

Reading 	<p><u>Module 1 "Be a Super Citizen"</u> - Children will continue to listen to and read about characters and real people who illustrate what it means to be a good citizen. They will also learn how being a good citizen makes a difference at home, at school, and in the community.</p> <p><u>Module 2 "Look Around and Explore"</u> - In this module, children will listen to and read texts that inspire them to look at the details in the world around them to learn new things.</p>
Writing 	<p><u>Module 1 "Be a Super Citizen"</u> - Students will continue to work on their personal narratives. We will write about how even the smallest actions can lead to big results and how that can influence their contribution to the community.</p> <p><u>Module 2 "Look Around and Explore"</u> - Students will begin to write descriptive essays about the many ways to explore the world.</p>
Math 	<p><u>Topic 2: "Work with Equal Groups"</u> - Students will learn about odd and even numbers. They also will use and make arrays to find totals.</p> <p><u>Topic 3: "Add Within 100 Using Strategies"</u> - Students will learn how to add 10s and 1s on a hundreds chart and an open number line. They also will break apart numbers to add within 100.</p>
Social Studies 	<p><u>Unit 4: "Rights, Rules and Responsibilities"</u> - Students continue to learn about the principles of citizenship. They will analyze symbols of America and explore the branches of government. They will also learn about the process of electing and voting for candidates.</p>
Science 	<p><u>Unit 2: "Properties of Materials"</u></p> <p>Students are in the middle of the <u>Properties of Materials Unit</u>. In this unit, students will take on the role of glue engineers and use engineering design practices to create a glue for use at school. They will learn that by mixing ingredients together, it's possible to create a mixture that takes on some of the properties of its ingredients.</p>
