

Basketball officials in Denver Area

I am honored to be nominated and considered for the leadership position of Regional Director.

I have been an IAABO member since the fall of 1978 and a patched official since 1979. I served as an area director for consecutive terms in the late 80's and early 90's. I have served on various committees over the year years. The things I am most proud of are the over 5500 games I have officiated in my career at all levels from the Junior Parochial League to Middle School to all levels of HS basketball and a couple of years of College Basketball. I am also proud of the numerous officials that I have mentored over the years. Many of these officials have worked in state finals!

I encourage all of you to vote regardless of whom you choose to vote for. One of our greatest gifts in this country is the ability to vote for elected officials.

If elected, I would like to think that my greatest asset would be the ability to listen to all of the members and their ideas about how to continue to make our Region the top region in Colorado. As ideas are brought up, my pledge would be to try and lobby for these ideas to become realities. One of the\ ways to accomplish this is I would like to do is hold town hall meetings in person and over zoom to get ideas shared form the membership. In addition to encourage you to communicate in any form with me to get your voice heard!

I have been around long enough to have created great friendships with the many great past leaders of Area 8 and Board 4 . We have had incredible leadership over the years, and the things they all had in common were the ability to listen and ability to take action for the betterment of all officials regardless of their stature in the association.

Again get your vote in and I look forward to the opportunity to serve you!

Respectfully
Mike Letofsky
