

The body you maintain has 25 health, and your goal is 10000 cells.

Any effects you have trigger at the start of your turn.

A number next to an infect/bonus means it lasts for that many turns.

If it says 'cure' next to an infect, you need a cure card or 6 on anaphase to clear it up

Win conditions:

1. Get 10K cells

If all opponents are dead, play through the rest of this mitosis, and then see the winner.

Mitosis phases:
