## **NOTICE**

We are spaying and neutering feral cats on this block. This process is called "TNR" or Trap-Neuter-Return.

Date: \_\_\_\_\_

Dear Neighbours:	
We want to inform you that we are working to control the feral cat population in our neighbourhood through a TNR program.	
Once the cats in the feral colony are neutered and spayed, the noise, fighting, howling and smell will diminish. In addition, we aim to reduce the amount of kittens born on the streets, who are often left to suffer.	
We will be humanely trapping the cats and having th for fleas, and vaccinated against rabies and other co They will also get an "eartip", which is 1cm removed are under anesthesia. This helps to identify them as managed colony.	mmon respiratory illnesses. from their left ear while they
After their surgery we will keep them indoors to recordleased back to their colony. For friendly cats and kithem adopted into loving homes.	•
If you are feeding the cats, you can help us by not prior to the trapping, which will take place from This will help us to get	to
If you own indoor/outdoor cats, please keep them to	indoors from if they don't wear a
collar with tags.	
If you would like volunteer to help with this program, food, papers towels, blankets or money, please containing
