Free Resources to Support STEM at Home from [National PTA - Stem at Home Activities](#)

- These new Learn at Home activities are **categorized by grade** and include videos, pictures, literacy resources, and extension activity ideas. Check it out! In both English & Spanish.
Example: 1st grade – Moon Dough Lab
2nd grade – Candy Dispenser Challenge
3rd grade – Chemical Reaction Car
- STEM at Home Kits ideas are also available. It will require some materials **you may not have readily available** in your home. You can order the materials for your family; your school's Parent Organization can also order materials to package the activities for families. If you are interested, use the National PTA's [Excel Spreadsheet](#) to select, budget, and create the STEM at Home Kits.
