

New Bloomfield Middle/High School Supply List

The district will be purchasing supplies for each student in a hope to help parents during this time and minimize waste from year to year. This does not include certain items that specific classes will require. It also does not include backpacks, lunchbox's, calculators or big binders like the trapper keepers, PE lock, PE clothes, or if they want a certain type of pen etc. This will just be the generic things like, pencils, paper, folders, colored pencils, markers, erasers etc.

7th-12th grade students

Ear buds

7th & 8th Grade Math – Scientific Calculator
8th grade Math – graph paper

ART classes will have a list of supplies through the art teacher, Mrs. Haas

HS Math: Recommend Binder/Folder for past notes to keep at home.
Graph paper

- **Algebra 2/Pre-Calc:** Graphing Calculator: Recommended but optional: TI-84 Plus CE, TI-84 Plus C Sliver Edition, or TI-Nspire CX. These are great calculators especially if your child will be taking higher math related classes in the future. (Walmart and others usually have these on sale during school sales).
- **Geometry: Scientific calculator (graphing calculator is optional):** I recommend the TI-30XS Multiview or TI-34 Multiview

Physical Education courses recommend a Master Combination Lock, t-shirt with sleeves, athletic shorts, athletic socks & tennis shoes.

Agriculture

All Ag classes with a shop component (Ag Science 1, Ag Science 2, JH Agriculture and Ag Mechanics & Technology) will need proper clothing when in the shop. This includes long cotton pants, Long sleeve cotton shirt and leather shoes, NO SANDALS, SLIDES or OPEN SHOES IN THE SHOP. Tennis shoes are not recommended.

Throughout the year we are in need of the following, the following items would be Appreciated:

Kleenex

Hand Sanitizer

Mints

Cough Drops
