

COFFIN TREAT HOLDER

1. Lay out coffin lid and bottom, unassembled and unfolded. Place scrollwork mask on top of lid, and press Versamark pad firmly on the mask, like a stamp, to transfer the ink to the lid. Repeat process on coffin bottom.
2. Apply clear embossing powder to both pieces and melt powder with a heat tool.
3. Apply Tear & Tape to tabs on coffin bottom and lid. Fold along score lines. Peel off liner and assemble both pieces.
4. Use Memento Tuxedo Black ink to stamp Dracula image on Whisper White cardstock. Color with Stampin' Blends.
5. Ink up "Creepy" sentiment with Versamark ink, then Memento Tuxedo Black ink. Stamp on Smoky Slate cardstock. Apply clear embossing powder and melt with a heat tool.
6. Use Ornate Frames dies to cut Dracula image, sentiment, Smoky Slate cardstock, and Monster Mash DSP. Use Multipurpose Glue to adhere all labels together.

7. Fill box with treat(s), put on lid, and tie Real Red Ruched Ribbon around coffin. You can adhere part of the ribbon to the box to make it easier to tie.
8. Use Stampin' Dimensionals to adhere embellishment piece to box lid. Use Whisper White Solid Baker's Twine to tie "Creepy" tag to ribbon.
