

The following Document details and outlines the fetishes I have and therefore what I'd be willing to write for any requests or commissions. This is an updated version of my F-list from [here](#), with additional sections and more elaboration on some fetishes on my preference towards them and or experience in writing them.

I will only ever have five slots, which I will open via journal.

Commission Info+Terms of Service:

BY PURCHASING MY SERVICES, you agree to the following conditions. These are not negotiable and failure to comply may result in cancelation of your order, or even blacklisting.

- ☐ I reserve the right to refuse your order without justification.
- ☐ Any personal information exchanged during the transaction process (email, names, pictures, addresses, etc) will not be redistributed or sold to third parties under any circumstance.
- ☐ All commissions are subject to complexity fees, regardless of advertised price. These fees, if present, will be discussed during negotiations.
- ☐ I retain all copyrights on my stories/artwork including distribution, reproduction or use in self-promotion (but not commercial use, unless agreed upon.) This also applies to any rejected commissions.
- ☐ All commissioned stories will be placed on my FA Account unless otherwise requested, but you are free to upload them elsewhere and share them so long as credit is given. This is so others can more easily see all the work I have done. All stories will also be PDF files unless personally requested as another file.
- ☐ You may not claim the work as your own or resell my work.

GENERAL RULES:

- ☐ I accept payment via Paypal invoices/Money Requests.
 - ☐ All prices are in USD. Flat starting price of \$10, with \$5 every 500 words past 1500. Starting price is paid up front with any complexity fees.
 - ☐ My queue shall only consist of up to five slots, which I will open up via journal. I will attempt to work on one story at a time. This is to ensure I do not gather up numerous stories and then procrastinate on them all.
 - ☐ The commission form will be made available via Journal updates.
 - ☐ You will receive a WIP shots or rough drafts throughout the process of the commission. It's during these times you should bring up any changes you feel need to be implemented for the commission. Within reason I will try to correct mistakes made, however if the changes are substantial, I may refuse to continue without compensation. Refunds apply only to those who have made any upfront payments (eg those who had complexity fees)
- Substantial changes are dependent on a commission by commission basis, I will clearly inform you if something is too much and give options on how to continue.
- ☐ When filling out the commission form, you will notice a section listed as "Word Goal". This is

the amount of words you generally want the story to be, which I will strive to reach. It is NOT a hard cap, but merely a guide to how long and detailed you're expecting the story to be. Word Goal may be changed at the various stages of working on it, but if it is changed too frequently I may refuse to continue without compensation.

● NOTICE: Understand that I will have personal bias when it comes to creating your story, and so it may have some variation or inconsistencies with your character. I will try to work with you to correct some of these problems during drafting stages, however if it gets too much I may refuse to continue without compensation and recommend you write the story yourself.

Fetishes I may or may not be willing to do
