

Programmer Pro Pvt Ltd Privacy Policy

Introduction

This Privacy Policy outlines how Programmer Pro Pvt Ltd ("we," "us," or "our") collects, uses, and protects information. By installing and using our apps, you agree to this privacy policy and provide explicit and informed consent to the processing. If you do not agree, please do not install and use the app.

Non-Personal Data

We may collect non-personal data such as device model number, operating system version, country code, and other properties to manage the apps and improve user experience. Non-personal data does not personally identify you.

Disclaimers

- a) We are not responsible for any personal information voluntarily disclosed by you, such as sharing your password or account with others.
- b) We assume no responsibility for any personal information lost, disclosed, or falsified due to factors beyond our control, including network disruptions, hacker attacks, or government regulations.
- c) We are not responsible for the use of your personal information by third parties in compliance with relevant laws, regulations, or this privacy policy.

Ad Serving Technology

We may disclose non-personal data to third parties and allow them to collect non-personal data for delivering targeted ads. These third-party advertising companies may use cookies or similar technologies for non-personally identifiable information. We use AdMob by Google for advertisement purposes. For more information, please refer to the Google Privacy Policy.

Location Data

Some apps may request your location data for functional purposes. We may use technologies such as GPS, Wi-Fi, or IP address for location determination. We do not store or provide your location data to advertising networks or third parties.

Family Policy

We are committed to providing a safe and family-friendly environment in our apps. Our family policy outlines how we handle information related to children and families:

Children's Privacy

We do not knowingly collect personal information from children under the age of 13. If we become aware that personal information has been collected from a child without parental consent, we will take steps to delete it promptly. If you believe that we may have collected personal information from a child under 13, please contact us immediately.

Parental Consent and Control

Parents or legal guardians are responsible for providing consent and supervising the use of our apps by children. We encourage parents and guardians to actively participate in their child's app usage and review our privacy policy to understand the information collected and how it is used.

Parental Rights and Requests

Parents or legal guardians have the right to request access to their child's personal information, request its deletion, and refuse further collection or use of the information. If you are a parent or legal guardian and wish to exercise these rights, please contact us using the information provided at the end of this policy.

Advertising and In-App Purchases

Our apps may include advertising or offer in-app purchases. We take steps to ensure that any advertising or in-app purchases are appropriate for children. However, we recommend that parents or legal guardians supervise and guide children's interactions with ads and in-app purchases.

Data Retention

We do not retain personal information about children longer than necessary to fulfill the purpose for which it was collected or as required by law. Once the information is no longer needed, we delete it securely.

Camera

We may access the camera to take photos for creating photo frames but cannot access personal photos or videos.

Photos, Media, Files

We do not access personal pictures, videos, or files for personal use. Users can only access selected pictures for creating photo frames or videos, and we do not collect such media or files.

BIND ACCESSIBILITY SERVICE Permission

We use the BIND_ACCESSIBILITY_SERVICE permission to receive notifications from other installed applications, limited to those apps configured and allowed within our applications. We do not use this permission for any other purpose.

READ_PHONE_STATE Permission

Our apps use this permission solely to receive notifications from other installed apps.

Personal Data

We do not collect or store personal data, which refers to personally identifiable information like names or email addresses.

Third-Party Terms and Conditions

Your access to and use of the apps may be subject to third-party terms and conditions and privacy policies. We are not liable for any third-party terms, conditions, or their use of your personal data. Please review the privacy policies of the distributors we use, such as Google.

Disclosure and Transfer of Personal Data

We may disclose information in response to legal processes or to establish/exercise our legal rights. We share personal and non-personal data to investigate and prevent illegal activities, fraud, threats, violations of our Terms of Use, or as required by law.

Changes to this Privacy Policy

We may change this Privacy Policy at our discretion. Any changes will be reflected here, and the date of new versions will be stated at the top. Please review this policy periodically.
