

The Wildcat Roar

November 2024 Issue

By: Mass Media

Bevier High School held a Veterans Day assembly Friday November the 8th.

We had 24 Veterans attend. We had 18 who served in the Army, 1 in the Navy, 2 in the Air Force, 2 in the Marines, and 1 in the National Guard. We had the privilege of having Chris Lambert, Macon Middle School Principal, as a guest speaker. Chris served for 28 years in the Gulf War, War on Terror, and the Cold War.

Jr. High Basketball

The Jr. High Boys basketball team are Conference Champs and went undefeated the whole season!!! They won their first game in the Atlanta tournament to Novinger, they then went on to play Brasher and won that game. Their final game was against LaPlata for the championship title. They won that also and took first place at the Atlanta tournament! Ending their season Undefeated, Conference Champs, took first in the Bucklin tournament, and first in the Atlanta tournament!!! The Jr. High Girls also participated in the Atlanta tournament and their first game was against LaPlata where they sadly lost. They played Novinger the next night and lost that as well, taking them out of the tournament. What a great season Wildcats!!!

CCR

The College and Career Readiness Club has been very active this past month. Starting off with touring the Grand River Welding Institute in Brookfield. The club hosted their first scholarship night on November 6th, where seniors can attend and work on filling out scholarships. The CCR Club will host Scholarship Nights once per month to help seniors. The CCR Club started their very own website for everyone in the community to order Bevier Wildcat attire too. A percentage of sales goes towards helping our club be able to book business/college tours,

gas/food expenses, etc. If you'd like to support the club through ordering some Wildcat gear, the website is: apparelnow.com & search for Bevier Wildcats.

High School Basketball & Cheer

Watch out! High school basketball and cheer has started up. Coaches are very excited to announce that November 25th is the very first game of the 2024-2025 season, so come support your Bevier Wildcats against Madison on our home court at 6:00 pm.

Self Betterment

By: Sydney Durham

Time management is important in your daily life, especially in school. You can manage your time by setting reminders, alerts, or having a planner in your bag. Time management is important; it impacts productivity, mental health, and stress reduction. It could also impact your role of time management in a work-life balance. Common time management challenges include procrastination, distractions, overcommitting, and a need to prioritize important things. Effective time management techniques are the Pomodoro Technique - Focused work periods with scheduled breaks, Time Blocking- Setting aside specific blocks of time for particular tasks, Eisenhower Matrix- Prioritizing tasks based on urgency and importance, The Two-Minute Rule- Completing tasks that take less than two minutes immediately to avoid mental clutter, and Task Batching- Grouping similar tasks to reduce transition time. So time management is important to your mental

health, so you don't experience mental clutter and don't want to do anything productive. Time management can also help in your jobs or work, people will appreciate time management skills in the office or restaurant.
