

## Grade 7

**Week 5: Group C : Read the passage and answer the questions below.**

 **Reading task**

### **Weather and Mood in the UAE**

**The weather in the UAE is hot and sunny for most of the year. In summer, the temperature is very high and the sun is strong. Many people stay inside during the day to avoid the heat. They use air conditioning at home, in schools, and in shopping malls to stay cool and comfortable.**

**In winter, the weather is cooler and more pleasant. It is still sunny, but not too hot. People enjoy spending time outside with family and friends. They go to parks, beaches, and deserts. Many people feel happy and relaxed when the weather is cooler.**

**Sometimes, the UAE has windy or dusty weather. There can be sandstorms, and people may stay at home for safety. On these days, people do not go outside much and may feel bored or tired. The weather in the UAE can change how people feel and what they do every day.**
