Parfreyville United Methodist Church Children & Youth Grant Program

What is the Parfreyville UMC Children & Youth Grant Program?

Parfreyville UMC has received a memorial donation of funds to be dedicated for children's & youth programs. In addition to using these funds for programs within the church the Parfreyville UMC Grant Program was created to make these funds available for children & youth programs within the local community.

What kinds of projects or programs might the Parfreyville UMC Grant program support?

Parfreyville UMC will accept applications for grants from religious or non-religious based, public or private organizations that provide services and activities focused on addressing the needs of children and youth.

Examples might include but not be limited to:

- Addressing health and nutritional needs
- Poverty & homelessness assistance
- Educational programs
- Youth mentoring programs

What types of activities will the Parfreyville UMC Grant program typically not support?

Due to limited funds and to maintain focus on supporting children and youth needs, the grant program will not support:

- Funding for general operating expenses including salaries or fundraising activities
- Support for extra-curricular activities of a club, sport or reward nature
- Travel for individuals or groups such as bands, sports teams, or club competitions

What program funding is available?

The Parfreyville UMC Grant Program will award grants for qualifying projects from a few hundred dollars up to \$1000 that directly address children and youth needs.
