

Master-Tech Inc.: Restoring Peace of Mind in Central Florida

Family-Owned & Florida-Raised – Your Trusted Restoration Experts

When disaster strikes, you need more than just a company—you need people you can trust. At Master-Tech Inc., we're not just in the business of remediation; we're your neighbors, born and raised in Central Florida. With deep roots in the community, a family to protect, and a farm to run, we know firsthand how important it is to restore safety and security to your home.

Experiencing Mold, Fire, Water, or Sewage Damage? Master-Tech Inc. Is Here—Because Disaster Doesn't Wait.

Whether it's a burst pipe, fire, or something as sneaky as mold, it can feel like your world is spinning out of control. At Master-Tech Inc., we understand that life doesn't wait for the perfect time to throw curveballs. That's why we're here with **24/7 emergency services** to help you get your home or business back on track—quickly, safely, and with care.

Our Emergency Restoration Services

Water and Sewage Extraction

Unwanted water, whether clean or contaminated, poses serious health risks. **Water that isn't removed properly** creates the perfect environment for disease-causing bacteria and mold growth. At Master-Tech, we follow industry standards for **complete water and sewage extraction**, ensuring your space is completely dry and safe from further damage.

Complete Structural Drying

Even after the water is gone, moisture can remain hidden in materials. With our expertise and cutting-edge equipment, we ensure **thorough structural drying**, testing all surfaces to prevent mold growth. Your home may feel dry, but we go beyond surface-level moisture to ensure a completely safe environment.

Flood Damage Clean-Up

Floodwaters can wreak havoc on your property, destroying furniture, flooring, and even the structure itself. Immediate action is essential. Our team at Master-Tech responds **around the clock** to remove debris, salvage what we can, and prevent mold growth.

Fire Damage Restoration

After a fire, you're left not only with **fire damage** but also water damage from putting it out, which can lead to future mold problems. Master-Tech offers **fire damage restoration**, removing

moisture, smoke, and debris. We'll work directly with your insurance provider to get your home back to normal with minimal out-of-pocket expenses.

Smoke Clean-Up

Smoke can cause long-term damage to your property. Whether your fire was **low heat** (wet smoke) or **high heat** (dry smoke), we identify the type of smoke and use targeted techniques to **clean and restore** your property. Immediate response is crucial to prevent permanent damage.

Mold Services

Mold Testing

Not all molds are visible, but the effects can be felt—**increased allergic reactions, nasal infections, and strange smells**. Our licensed professionals at Master-Tech use advanced technology to **detect hidden molds**. With a two-business-day turnaround time for testing results, you can quickly get the answers you need to keep your home safe.

Mold Remediation

At Master-Tech, we don't just kill mold—we remove it entirely. Our **mold remediation services** go beyond surface cleaning. We follow licensed and certified procedures to ensure the mold doesn't return, restoring your space to a **safe, healthy environment**.

Additional Services

- **Emergency Board-Up Services**
 - **Complete Content Pack-Out and Storage**
 - **Structure & Content Deodorization**

-

Why Choose Master-Tech Inc.?

Local Expertise

With deep ties to Central Florida, we understand the challenges of **humidity, hurricanes, and floods**. Our team is prepared to handle whatever nature throws at your home, with specialized services designed for the region's unique conditions.

Community-Focused

We treat every client like family because we live here too. When you call us, you're not just getting a company—you're getting neighbors who care.

Proven Results

Our reputation is built on years of trust and success—just ask any of the families and businesses we've helped! From mold remediation to fire restoration, we've got you covered.

Testimonials

"After a kitchen fire, Master-Tech turned our charred walls back into a home. They worked quickly, were incredibly supportive, and treated us like family." – Jennifer S., Daytona Beach

"When we found asbestos in our attic, Master-Tech made the situation less terrifying. They worked with precision and care to ensure our family's safety." – Mark T., DeLand
