

Privacy Policy for Hero Jigsaw Puzzle

Effective date: September 2, 2026

This policy describes how Artisiken Games (“we”) handles information in the mobile game Hero Jigsaw Puzzle.

Information we handle

The game does not require an account and does not ask for your name, email, or phone number.

Game progress (cleared stages and settings) is stored on your device only.

If you use My Photo Puzzle, the photo you choose from the camera or gallery stays on your device so the game can build a puzzle. We do not upload that photo to our servers.

Advertising

The game shows banner and interstitial ads through Google AdMob. Google and its partners may collect device identifiers, approximate location, and usage data to show and measure ads. See Google’s policy at <https://policies.google.com/privacy>

Permissions

- Internet — to load ads
- Camera / photos — only if you choose Play with my photo

Children

The game is a casual puzzle game. Ads are provided by Google. Parents should review device ad settings.

Data sharing

We do not sell personal information. Ad partners receive data as described above to deliver ads.
