

Privacy Policy for Words Vs Numbers

Last Updated: August 1, 2026

BrainBoost is committed to protecting your privacy. This Privacy Policy explains how your information is handled when you use the BrainBoost mobile application.

1. Data Collection

Words Vs Numbers is designed as an **offline-first application**. We prioritize your privacy and minimize data collection.

- **Information You Provide:** We do not collect or store any personally identifiable information (PII) such as your name, email, or contact details.
- **Locally Stored Data:** The app uses local storage on your device to save your progress, XP, coins, and learning streaks. This data stays on your device and is not transmitted to our servers.
- **Device Permissions:**
 - **Text-to-Speech (TTS):** The app utilizes your device's native, built-in Text-to-Speech engine to read vocabulary words aloud. We do not transmit your text input to external servers for this feature; the processing happens locally on your device.
 - **Internet Access:** Internet access is only used for the initial download of the app from the Google Play Store. The app does not require an internet connection to function once installed.

2. How We Use Information

Since we do not collect personal data, we do not share, sell, or disclose your information to third parties. Any data generated (such as progress and stats) is used solely to enhance your personal learning experience within the app on your device.

3. Children's Privacy

Words Vs Numbers is intended for use by JHS students. We do not knowingly collect any personal information from children under the age of 13. If you are a parent or guardian and believe that your child has provided personal information to us, please contact us immediately, and we will take appropriate steps to remove it.

4. Changes to This Policy

We may update this Privacy Policy from time to time. We will notify you of any changes by updating the "Last Updated" date at the top of this policy.
