

	0 = Needs Reevaluation	1 = Poor	2 = Fair	3 = Good	4 = Excellent
Craftsmanship	Didn't even turn anything in/hot mess	Plaster is cracked, broken; pieces have fallen off; painted very poorly	One or two pieces have fallen off or are wiggly; Painting is messy	A few minor details can be cleaned up	Well made, edges are smooth, not frayed; pieces not loose/fallen off; excellent paint
Design and Techniques	not finished; cannot demonstrate understanding; did not follow procedures	Shows a poor understanding of design, needs work on all areas and aspects of design	Shows a fair understanding of design but needs more thought in one or more areas	Shows a good understanding of design but needs more thought in one area	excellent plaster construction, painting, mixed media; pattern and/or interesting space were used
Work Habits and Time Management	Was consistently off task and had rush everything; artwork is a mess	Did not plan my design well and had to rush to get it done	Some features ended up looking rushed and messy	Student had enough time to finish but did not always stay on task	Carefully planned, stayed on task and had more than enough time to finish
Creativity	Mask is plain; does not include any 3D aspects; painting is unoriginal and boring	Mask is unoriginal; Copied preexisting design	Only some aspects are original and show creativity but mask is still plain	original and shows student's personal style but student could have added more features	completely original,demonstrates student's personal artistic style; went above requirements
Complete	0/4 Completed design sketch; properly constructed; 3D details applied; painted completely	1/4 Completed design sketch; properly constructed; 3D details applied; painted completely	2/4 Completed design sketch; properly constructed; 3D details applied; painted completely	3/4 Completed design sketch; properly constructed; 3D details applied; painted completely	4/4 Completed design sketch; properly constructed; 3D details applied; painted completely
