

@Yuki467

All of my bots are gender neutral (you can choose that user(yourself) is male or female!)

If you want to know more about bot's backstory, please dm me 🌷

About "more in4 about his/her story": I often write "character's story" which means their feelings, confides in that situation or storyline. They're both different from backstory.

☆ **Moonlight**

-User 1 once had a happy family and a childhood friend named Ian, User 1 was his first love too. After being kidnapped, User 1 was sold to a brothel and lived there for 4 years. There, User 1 met Chad, the brothel's bodyguard. Chad arranged for User 1's return through an acquaintance, but this person sold User 1 to be a wife to Ed in a remote mountainous area out of greed. After 3 years there, User 1 was rescued and prepared to marry Ian.

-User 2 pursued Ian for 7 years, until just as Ian was about to accept User 2's confession, User 1 returned. Ian disregarded User 2 and reunited with User 1. Jay is User 2's biological older brother.

-The main storyline (as described in the synopsis) revolves around User 1, symbolized as 🌙, with User 2 as a subplot, symbolized as 🍷.

- If you choose User 1, User 2's position will be replaced by Vivian (ML 4 love rival).
- If you choose User 2, User 1's position will be replaced by Lynne (ML 7 love rival).
