Terms and Conditions of service

1. Payment is paypal ONLY (unless you live in Chile it can be discussed)
2. You can change details of the drawing up to 3 times once I send you a rough sketch.
3. Once a commission sketch is approved you can't make any more changes.
4. No refunds after the work is done.
5. Commission prices are base, and over this the price can rise depending on character complexity/background or if a vehicle/ship is included.
6. I will change or fix the commission if I made a mistake. Any further changes will have a cost.
7. I don't usually send WIPS (I will send only if the drawing is taking me longer than I expected)
8. I have the right to refuse to take the commission if I have issues with it (personal, time or moral reasons)
9. I'll give an estimated date for the drawing to be finished

10. You can't under any circumstances modify my artwork, trace, remove signature, plagiarize, say that it is yours.
11. You have to give me credit in case you post any artwork made by me (mention or add links to any of my galleries)
12. I will upload any artwork made by me to my galleries and/or social networks (we can discuss a release date in case it's a surprise for someone)
13. Commissions are made in order, so I might not be able to start your commission right away in case I'm already working on something else.
14. I will adapt the characters colors from the reference if I feel necessary to match my painting process (some bright colors or dark colors that are pure RGB tend to be modified so they look good in a painting or different style) but keep in mind they'll still be colors inspired by your character's original color scheme.
15. Do not use my art for NFT or any of those crypto things that are trending.
- 16. Deciding to work with me means you agree with all of the previous conditions.**
