My Writing goal (from your Goals slideshow):

- I use different sentence starters.
- I use a variety of sentence structures and beginnings for effect.

My style of writing: Narrative

Planning/Thought Shower: Leaves, US → NZ. Mt Ruapehu, Camp, Autumn

Start writing here....

“See you at Mt Ruapehu!” he screamed as Manny drifted away like a balloon.

On the 25th of September a little boy named Greg turned 7, his birthday was mostly fun until his Brother; Manny ruined it. So anyway we will start with the birthday and then how Greg got to New Zealand.

When Greg woke up at 7:30am on his birthday he was ecstatic. Luckily his birthday was in the School Holidays. When he opened his presents he was sooo happy to find out that he got

- A toy race car (From his Mum)
- A toy race car track (From his Dad)
- And a stuffed teddy bear (From Manny)

This happened every year, his parents got something that went together, but Manny always got him the same exact toy; a stuffed toy. Little did he know that his Manny had a naughty plan. When he cut the cake there would be a peanut in his slice. (Which he and Manny were allergic to.) But when they cut the cake Manny mistakenly had the slice with the peanut in it, so he puffed up like a balloon and flew out the door.

His parents were very scared. Then Manny yelled “See you at Mt Ruapehu!” They had no idea where Mount Ruapehu was. So they searched it up on their phone. It told them it was in New Zealand! They lived in Los Angeles.

So they booked a plane to Auckland. When they took off the Parents had a nap while Greg looked out the window. He then saw Manny who grabbed on to the wing.

12 ½ hours later

When they landed in Auckland their parents woke up to find Manny on the wing. As soon as they saw him, he jumped off. Luckily he landed on a mattress. So when they went to baggage claim there he was! After all of that they decided to live in New Zealand for life so they found a beautiful home in Masterton. Their address was 143 Perry St. Just by Masterton Train Station. They caught the train into Wellington all the time.

Greg was a Y3 who went to Lakeview School. Manny was a Y7 who went to Masterton

Intermediate School. They both enjoyed going to school. Then one day a giant fire broke out at their home. Luckily they were not home during the fire. They were out in Featherston.

When they found out about the fire they were devastated. Luckily they planned on going to Auckland for a few months so they could find a home up there.

In the end they found a really good home in Riverhead. Their new address was 1012 Coatesville - Riverhead Highway. However they needed a car because the bus was only every hour! They both went to Riverhead School. 2 years later Manny was going to High School. He had to go all the way to Massey High School at 7:30am in the morning. He LOVED school.

In the end they all lived happily ever after!
