You know in our life, nothing's gon' change but the weather

They're only punishing a soul that you will never sell

Same Love (feat. Mary Lambert)

But we paraphrase a book written thirty-five hundred years ago

And I can't change Even if I tried

When everyone else is more comfortable remaining voiceless

A world so hateful, some would rather die than be who they are

No law's gonna change us, we have to change us

MAGIC!

Rude

Why you gotta be so rude?
Don't you know I'm human too?

MALINDA

Don't Make Me

Let's say it right: not my fault you got regrets
Lines in the sand, clear and defined But you cross them every time
Don't make me be the bad guy
I could read you like a book and it's getting old
Lies do not become us. You became them instead

Marina and The Diamonds

Are You Satisfied?

People like to tell you What you're gonna be
And I do not give a damn if you don't believe
They say I'm a control freak Driven by a greed to succeed

Hermit the Frog

I let it fly too high, and it shattered too soon
Did you find your bitch in me?
Oh, you're abominable, socially
I can't help the Devil likes to make my heart a double bed

Lies

You're never gonna love me, so what's the use?
You're too proud to say that you made a mistake
You're a coward 'til the end
Lies
Don't wanna know, don't wanna know, oh

Teen Idle

I want the world to go away
The wasted years. The wasted youth
The pretty lies. The ugly truth
I wish I wasn't such a narcissist
Adolescence didn't make sense
The ugly years of Being a fool
Ain't youth meant to Be beautiful

Marshmello & Anne-Marie

FRIENDS

Yeah, don't mess it up, talkin' that shit
Only gonna push me away, that's it
When you say you love me, that make me crazy
Here we go again
Don't go look at me with that look in your eye
You really ain't goin' away without a fight
You can't be reasoned with, I'm done being polite
I've told you one, two, three, four, five, six thousand times
Haven't I made it obvious
Haven't I made it clear
Want me to spell it out for you
Have you got no shame, you lookin' insane Turnin' up at my door
Haven't we been here before
Get that shit inside your head

Matt Maeson

Tag, You're It

Running through the parking lot He chased me and he wouldn't stop
Grabbed my hand, pushed me down. Took the words right out my mouth

Mad Hatter

You think I'm psycho, you think I'm gone
I don't give a fuck about you anyways

[The] Mountain Goats

No Children

I hope that our few remaining friends Give up on trying to save us
I hope the fences we mended Fall down beneath their own weight

I hope it's already too late
And I hope the junkyard a few blocks from here Someday burns down
And I hope the rising black some carries me far away And I never come back to this
town again
In my life, I hope I lie And tell everyone you were a good wife
And I hope you die. I hope we both die
I hope I cute myself shaving tomorrow. I hope it bleeds all day long
I hope it stays dark forever. I hope the worst isn't over
And I hope I never get sober
And I hope when you think of me years down the line You can't find one good thing to
say
And I hope that if I found the strength to walk out You'd stay the hell out of my way
I am drowning. There is no sign of land. You are coming down with me. Hand in
unlovable hand.

Little Lion Man

Weep for yourself, my man, you'll never be what is in your heart
Weep, little lion man, you're not as brave as you were at the start
But it was not your fault but mine, and it was your heart on the line
Your grace is wasted in your face, your boldness stands alone among the wreck

Dust Bowl Dance

Seal my heart and break my pride. I've nowhere to stand, and now, nowhere to hide
Well you are my accuser, now look in my face. Your oppression reeks of your greed and
disgrace

How can you love what it is you have got When you took it all from the weak hands of
the poor?

Liars and thieves, you know not what is in store

Teenagers

How Could You Leave Us?

How could you leave so unexpected?

We waited, we waited For you, but you just left us

We needed you, I needed you

They say pain is a prison, let me out of my cell

You say you proud of me, but you don't know me that well

Sit in my room, tears runnin' down my face and I yell

I'm in a room with a parent that I don't barely know

I don't get it, mom, don't you want to watch your babies grow?

I guess pills are more important, all you have to say is "No"

Why would you leave us?

How could you leave us?

But I don't need a picture of my mom, I need the real thing

Some say it's fun to get the high, but I'm not laughin'

And what you don't realize and what you're not graspin' That I was nothin' but a kid who
couldn't understand it

I ain't gon' say that I forgive you, 'cause it hasn't happened

If you really cared for me, then where you at them

They took you from us once, I guess they came back to finish you

All I feel is pain, I hate the way I remember you

Sometimes I wish I would've just called you

Let You Down

All these voices in my head get loud. I wish that I could shut them out

Very loyal? Shoulda had my back

Yeah, you don't wanna make this work

You just wanna make this worse

Want me to listen to you But you don't ever hear my words

You don't wanna know my hurt, yeah

Let me guess, you want an apology, probably

How can we keep going at a rate like this?

Go ahead, just drink it off

We both know you're gonna call tomorrow Like nothing's wrong

I feel like every time I talk to you, you're in an awful mood

There's nothing left right now, I gave it all to you
Yeah, don't talk down to me, that's not gonna work now
Every time I sit on that couch I feel like you lecture me
Okay, let's put my fake face on and pretend now
Sit around and talk about the good times That didn't even happen

The Search

Hate it when I lose sight, life gets blurry
You call me what you wanna, but never call me forgettable

Don't you think I know exactly where I stand?
This world is forcing me to hold your hand
Oh, I'm just a girl, all pretty and petite So don't let me have any rights
Oh, I've had it up to here
The moment that I step outside So many reasons for me to run and hide
I can't do the little things I hold so dear
'Cause I'm just a girl, I'd rather not be
'Cause they won't let me drive late at night
Oh, I'm just a girl, guess I'm some kind of freak
Oh, I'm just a girl, take a good look at me. Just your typical prototype
Oh, am I making myself clear?
Oh, I'm just a girl living in captivity
Oh, I'm just a girl, my apologies. What I've become is so burdensome
Oh, I'm just a girl, lucky me

Of Monsters and Men

Little Talks

There's some old voice in my head that's holdin' me back
Don't listen to a word I say 'Cause screams all sound the same
You're gone, gone, gone away
Now we're torn, torn, torn apart

[The] Offspring

You're Gonna Go Far, Kid

Now dance, fucker, dance, man, he never had a chance
There's something in your way and now someone is gonna pay

Exeunt

Now, I am not the fool I was when I was younger
No, I cannot trust what you say when you're grieving
Even when you hunt me with ire, relentless
Batter down my door when you find me defenseless
I will not abide by all your raging and reaving
I have set my mind and my will: I am leaving

'Cause who am I if not exploited?
And I'm so sick of seventeen
I'm over this teenage dream
If someone tells me one more time "Enjoy your youth," I'm gonna cry
All I did was try my best. This the kinda thanks I get?
They say these are the golden years But I wish I could disappear
And I hate the way I'm perceived
And I hate every song I write

traitor

And ain't it funny How you ran to her The second that we called it quits
And ain't it funny How you said you were friends. Now it sure as hell don't look like it
You betrayed me And I know that you'll never feel sorry For the way I hurt, yeah
Loved you at your worst But that didn't matter
It took you two weeks To go off and date her
Guess you didn't cheat. But you're still a traitor
Now you bring her around Just to shut me down
Show her off like she's a new trophy
There's no damn way that you Could fall in love with somebody so quickly
Ain't it funny. All the twisted games. All the questions you used to avoid
Remember I brought her up And you told me I was paranoid
God I wish that you had thought this through Before I went and fell in love with you
When she's sleeping in the bed we made Don't you dare forget about the way You

betrayed me

drivers license

And you're probably with that blonde girl Who always made me doubt
Yeah, today I drove through the suburbs 'Cause how could I ever love someone else?
And I know we weren't perfect, but I've never felt this way for no one
And I just can't image how you could be so okay now that I'm gone
Guess you didn't mean what you wrote in that song about me
'Cause you said forever, now I drive alone past your street

1 step forward, 3 steps back

All I did was speak normally. Somehow I still struck a nerve
You got me messed up in the head, boy
Like am I pretty, am I fun, boy? I hate that I give you power over that kinda stuff
'Cause it's always one step forward and three steps back
Do you love me, want me, hate me, boy? I don't understand
It's back and forth, baby, this is all your fault instead

deja vu

I bet she's bragging To all her friends saying you're so unique
I made the jokes you tell to her when she's with you
I hate to think that I was just your type
And I bet that she knows Billy Joel 'Cause you played her "Uptown Girl"
Don't act like we didn't do all that too
Play her piano, but she doesn't know That I was the one who taught you Billy Joel

good 4 u

Well, good for you, I guess you moved on really easily
You found a new girl and it only took a couple weeks
Remember when you said that you wanted to give me the world
Well, good for you, you look happy and healthy, not me
But you're so unaffected, I really don't get it
Well, good for you, I guess you're getting everything you want
It's like we never even happened, baby. Tell me, what is up with that?
Remember when you swore to God I was the only Person who ever got you
Well, screw that and screw you. You will never have to hurt the way you know that I do
Like a damn sociopath

enough for you

Tried so hard to be everything that you liked Just for you to say you're not the
compliment type

Stupid, emotional, obsessive little me
I knew from the start this is exactly how you'd leave
You found someone more exciting. The next second, you were gone
And you left me there crying, wondering what I did wrong
And you always say I'm never satisfied, but I don't think that's true
But god, you couldn't have cared less about someone who loved you more
I'd say you broke my heart, but you broke much more than that
Now I don't want your sympathy, I just want myself back
And don't you think I loved you too much to be used and discarded?
Don't you think I loved you too much to think I deserve nothing?

Does she mean you forgot about me?
Oh, I hope you're happy But not like how you were with me

And you're mean to kids. Why can't you just quit picking on them?

And how could you do this when I learned my rights from you?

And now gun control's a fucking wicked problem

But if I were in congress and someone shot up a school I'd fucking cry about that, too

God dammit I was worth something
And I wanna tear this fascist milky way apart
On my filthy life I loved someone I barely knew

But we've been fucking mean. We're elitist. We're as flawed as any Church
I bit the apple, 'cause I trusted you. It tastes like Thomas Malthus
Your proposal is immodest and insane
I loved you, I loved you, I loved you It's true
I wanted to be you and do what you do
I lived here, I loved here, I thought it was true
I feel so stupid and so used
If only you could be what you pretend you are

Beware, beware, be skeptical Of their smiles, their smiles of plated gold
Deceit so natural
But a wolf in sheep's clothing is more than a warning

Listen, mark my words, one day (One day) You will pay, you will pay
You sink your teeth into the people you depend on. Infecting everyone, you're quite the
