I am so grateful I found a community that unconditionally supports my spiritual growth and self improvement!

Jason Grenier

"I live in the faith that there is a Presence and Power greater than I am that nurtures and supports me in ways I could not imagine. I know that this Presence is All knowing and All Powerful and is always right where I am."

Teaching and Living Science of Mind and Spirit

Science of Mind teaches that all life is Sacred. There is One infinite, self-causal Cosmic Consciousness that expresses as all energy, matter, and life. This includes you and me!

This spiritual philosophy and way of life was developed in the late 1800's by our founder, Ernest Holmes. He defines SOM as "a synthesis of the laws of science, opinions of philosophy, and revelations of religion, applied to human needs and the aspirations of mankind."

We honor these timeless universal truths while staying ”open at the top” to include new discoveries and perspectives.

Affirmative Prayer

We practice a unique form of affirmative prayer called **Spiritual Mind Treatmen**t which shifts our consciousness and opens us to amazing new possibilities.

Spiritual Mind Treatment has five steps.

1. **Recognition**: I acknowledge that there is One Life, One Mind, One Heart.
2. **Unification**: This One expresses through and as me.
3. **Realization**: I affirm my desire.
4. **Gratitude**: I am thankful for all I have and for all I accept now.
5. **Release**: I trust this process of prayer and anticipate my good.
