

# Candy Store

Download the [CandyStore.xlsx](#) file.

Next, insert your name into Row 2

Finally, insert the proper formulas into each of the cells that are shaded green.

Each formula is provided to you below, as well as in the spreadsheet:

Formulas:

Profit = Selling Price - Buying Price

Number Sold = The Sum of Mon, Tues, Wed, Thurs, Fri

Money Earned = Number Sold \* Selling Price

Money Spent = Number Sold \* Buying Price

Total Profit (Way #1) = Number Sold \* Profit per Item

Total Profit (Way #2) = Money Earned - Money spent

Totals = Sum of the entire Column

Profit after Rent = Total (M13) - Weekly Rent

***FAILURE TO USE FORMULAS WILL RESULT IN A ZERO!***
