

Photos from Twisted Forest and Cascade Falls Hikes, Saturday, August 21

New Promise Hikers completed the Cedar Breaks Twisted Forest and Virgin Rim Cascade Falls trails on Saturday, August 21. Though the day was cool, cloudy and windy to start, it became clearer, less windy and pleasantly warm as the day progressed. It was a really nice day and a welcome respite from the searing heat of St. George. Though the hiking could be challenging because of the altitude, the vistas were as spectacular as always!

Click on the following links for photos from the hike. Enjoy!
