

Homework 20: Review of $y = mx + b$ Name: _____ Date: _____ Period: _____
(This is an optional homework. The score can be used to replace the score of the classwork of 1/6/15)

1. Write the equations for the lines shown in the figure to the left.

a. _____

b. _____

c. _____

d. _____

e. _____

2. Graph the following lines

a. $y = -2x - 3$

b. $y = \frac{2}{5}x + 1$

c. $y = \frac{3}{2}x + 2$

d. $y = x$

e. $y = -4$
