# Canvas
## Respondus LockDown Browser

**Respondus LockDown Browser is now available in all Canvas courses to provide a secure testing environment with Canvas Quizzes. Make sure to check out the [Quick Start Guide](#) and the [LockDown Browser Support Page](#) on WakeConnect.**

**Notes:**

- **Respondus Lockdown browser has been pushed to all student Chromebooks.**
  - **When students open Chrome browser, a tab is displayed stating the LockDown Browser has been installed. They can close that tab and it will not display again.**
- **We will be pushing to all student windows laptops as well as all desktops.**
- **Staff will be able to install from Software Center**
