

Seesaw (Pre K- 2)

School year 2022-23 has been archived.

School year 2023-24 have been completed for **grades 1 and 2**.

- Kindergarten will be completed once lists are created in Aspen.
- Please check your class list and let us know if you are missing students. We will need the student full name and lasid
- ELL and Sped teachers working with **Grade 1 & 2 students**, you can create your own classroom and add your students. Click here for the how to's [Create a Seesaw Class & Add Students](#)
- ELL and Sped teachers working with **Grade 3,4,5** students who would like to use seesaw, please reach out to Jen or Nancy to build your class as these grade level students are not currently in Seesaw

- Choose their name/account
- Screencast: [Signing into Seesaw on Chromebook with Google address](#)

Interested in sharing Student Work with Families?

- ❑ Many families in your classes are already connected in your Seesaw class
- ❑ For families that are not connected, you can either print out your Seesaw letters to connect families to their student journal and print to send home or send along a seesaw generated email to their email address. Here is a screencast of how to connect parents How to [Connect Families to your Seesaw Classroom](#)
- ❑ Seesaw is a great way for families to get a peek inside your classroom to see student work and items you have posted in student journals. Teachers can continue to share this way with families. However, Seesaw is no longer the tool used to message/communicate with families.
- ❑ **Keep in mind-Talking Points will be the tool for messaging parents. More info to come**
