FOR AVATAR COMMISSIONS

Avatars will cost a little more than normal commissions, being around 25 - 30 dollars (or 50 - 60 robux) this is because you are most likely going to be using them commercially, and I would not like to make the same money for these as my normal pieces, very sorry about this but I'd like to make money while you get to use my art and be happy with it !

If you'd like more expressions for your avatar, each expression you want to add will cost 9 dollars (or 10 - 12 robux) each. (Reminder that I'm terrible at math, so please tell me how much it'll be so that I'll screenshot it. This is just so that you don't fuck me over as I have been fucked over before due to my insanely terrible memory.)

Wait ! There's rules !

Before you continue, I'd like to set my TOS here! This is so that you know what to expect, and so that your prepared for commissioning me since I'm a bit unprofessional atm..

What I DONT draw for commissioners/what I'm not comfortable drawing/what you CANT do/boundaries:

- I won't be drawing ANY nsfw mainly because that's illegal for me to give to you and could put both of us in jail ! (Suggestive clothing is alright, but not too suggestive.. although that may be a bit more pricey..)
- I won't animate human like proportions atm because it's hard for me to and drawing Roblox anatomy is much much easier !!
- I won't be doing heavy gore since I can't draw gore in an efficient way atm! (I can do some gore, however)
- Please don't be like "eheh.. sir, I can do WONDERS for you.. I want you bbg..~ 😊" first off, I'm a MINOR, and ignoring the minor part, doing that to ANYONE you DONT KNOW CAN and WILL(in certain situations) send you to JAIL. Add the fact that I'm a MINOR and you've got jail time for YEARSSSS !!!!
- Also I know this has happened to me before with someone I talked to about my au, but please don't vent to me ! This is just because 1, I don't know you, and 2 your commissioning me to draw your little silly guy.. unless the piece you want me to draw involves telling YOUR personal story, as my mean ex-friend has said to me before, "I don't want to hear it" (but in a nice way because I'm nice and I don't wanna make you feel bad !!)
- I won't draw stolen/traced characters, hyper realistic art, mecha, fetish art(Obviously because I don't do NSFW mainly cause it's ILLEGAL !), Hate speech, Illegal content, offensive characters, AI/NFT training, and proshipping art. This is because I'm not comfortable with these types of things and I don't want to draw them !!
- In certain situations, I will draw the art then you pay me, but for very personal reasons, I'd like you to pay me first and then I draw for you. This is so that I don't get scammed by shady people. However, you may pay me half of the money owed for the commission and then half once it's done if you are a reoccurring customer and I KNOW you will deliver, or if it's an expensive commission.
- I will not do refunds or holds. If I finish a commission for you and then out of nowhere you ask for a refund, I will not refund you because the commission is ALREADY done. The only times when a refund is acceptable is if you have been waiting for a long while and I cannot continue the commission, or if we cannot agree on the sketch.
- Please don't do big edits on MY art, if you'd like changes and want to edit something, consider writing what you want changed on the piece. (Maybe like writing something and pointing to the place). I am not comfortable with big changes on my work unless I'm

asking for criticism, so please don't edit things unless I explicitly give you the permission to.

- Rude/disrespectful clients will be blocked and contacting me using an alt will get you blacklisted. This is self explanatory.
- I may turn down your commission or put you on a waiting list for any reason whatsoever, forcing/threatening/guilt tripping me to drawing whatever you want WILL get an instant decline and get you blocked. (See the previous rule for extra stuff to watch out for.) This is very self explanatory as well but for the reasons, it could be because of family, mental health, and other reasons. I will try to explain the situation to you however so that you know why your on a waiting list or why you were declined. I will most likely put you on a waiting list because I dont like turning down commissions.
- No one is allowed to use my art for NFT/AI. This is self explanatory.

What I will draw/what I'm comfortable with/how to communicate with me:

- I use He/They pronouns but call myself a man so please refer to me as a man.
- I am comfortable with calls as long as you are not a weirdo. (On discord since I dont have a phone, even if I did have one however, I would not share it publicly since that would be private information that I would be sharing.)
- I tend to only be available on weekends atm so expect me to be on once every 2 weeks. But as I enroll into a high school(and my dad still getting comfortable in his new house and fixing it up), I may sometimes not respond initially due to multiple reasons(like family emergencies, personal reasons, father having something he has to fix, Mom being a transphobic fool, ect.) so please be patient with me !!
- I have 2 payment methods, either you paying me in money, or robux! although for robux, I have multiple ways you can pay me robux. Either 1, the starter place I have that has gamepasses to pay me with, or 2, we can go on pls donate either by you following me or friending me. Cash app however, I'm still new to that so you'd have to have SOME experience with paying artists via cash app (or PayPal since I've heard that PayPal users can pay cashapp users-)
- I don't usually check my email so for the emailers who email me, it will take a while for me to respond and even then im not fully experienced with email so I wouldnt know how we'd go back and forth and me sending pictures over. I have a broad understanding but like an old person with our technology today, I just can't fully understand it no matter how much my grandson teaches his ol pap how to use his phone. (Although I don't think I'd be getting emailers unless it's from vrchat.)
- If you'd like to tip me, you totally can! I don't mind when people tip me, especially since my first commissioner tipped me more robux than initially communicated (it was around 20 robux, yeah I make my commissions a bit cheap since it's.. well.. not the greatest.)
- I may do commissioned drawings of characters from games/shows/movies(as long as they aren't controversial and I like them), and I can do OCs(as long as they follow the TOS of discord or any place that kids might be in. But you can ask for minor gore, I don't mind)

- In general, I'm pretty flexible with how you pay me, hell, you could even pay me using groups on robux! I don't really mind. As long as it's either paying my cash app, or using robux, I don't care ! As long as I get paid, and your happy with it, I'm okay with it!
- Please communicate if you'd like to see progress! I typically work on a piece for a bit, then get distracted or bored that I forget, so asking for a progress screenshot helps a lot!
- I usually get pieces done in under a day, but if it adds shading and backgrounds and stuff like hair, I'd need more days.
- I'm bad at backgrounds and hair so they do have a price.. sorry..
- I don't usually check Bluesky much so people dm'ing me on Bluesky it'll have to take a while for me to reply!
- Lmk if you'd like changes in the sketching phase or the lineart phase. If you'd like changes in the coloring phase, that WILL cost at least 2 dollars(5 robux) per change request, but do not hesitate on asking either way, I don't mean to discourage you to ask for anything and you can ask for changes on ANYTHING!
- You're only allowed to do 2 complete revisions before I won't do anymore.
- Commissioning me tells me you Agree to these terms and tells me that you acknowledge that your commission will be used for this commission sheet for examples for others to see my work unless you state otherwise. Tell me if you'd like to stay anonymous as well since some people do not like to be mentioned and I acknowledge that boundary some people may have and understand it fully!

IN GENERAL COMMISSIONS

Backgrounds will be around 15 - 19 dollars (or 30 - 35 robux).. sorry..

Hair will also cost you money depending on how complex the hair is !! (10 - 17 dollars or 20 - 27 robux)

Animations will cost a **LOT** more than normal commissions since that's way more than one drawing. (Probably around 50 dollars or 250 - 300 robux) this is because I'm still an AMATEUR at animation and it'll take longer to do. Plus I draw on ibis paint X and there's no option to animate with the song so I'll have to play the song after I'm done animating and singing the song so I can get it synced with the song, and that takes hours after I animate.

Flat colors will add 5 dollars to it (or 10 robux)

Colors and shading will add 10 dollars (or 20 robux)

Adding a character is 10 dollars (or 12 robux) per character.

Suggestive clothing WILL have a price too, being at around 15 - 17 dollars (or 25 - 35 robux) depending on what you'll do with the art.

Friends/Partners get discounts if they desire the discount. No, do not ask me for a discount, that'll get you blocked. Or told off.

When commissioning me, please give me the following:

- Reference of the character/OC
- Pose and expression you'd like me to draw
- Outfit you'd like me to draw them in
- And details on how you want the piece to look

This is because I'm dumb as SHIT and sometimes will just draw them doing whatever like standing or whatever. I'm not as creative when it comes to poses, expressions and things like that, so these things really help a brother out a lot !

If you'd like an artwork at a specific deadline, you'd have to pay extra and tell me before I accept the commission.

Lmk if you'd like updates on your commissions!

I am completely fine if you'd like to use my art for commercial use, but please let me know if you do!

If you would like an icon/profile picture, I will charge you around 15 - 20 dollars (or 20 - 26 robux) this is because icons are fully colored, and take as much time as a full body because I'm always asking you if you'd like anything changed because that's YOUR icon, and I'd like to make sure it just right for you.

If you are questioning what I can do, I made a list that you can look at [Here](#) !

If you break any of the rules/TOS, you will be blacklisted or blocked.

Well you've reached the end! Once you're ready and know you want to commission me, please dm me!
