- 1) For most commissions, I send two WIPs. First the sketch (once you approve it and payment is made, I will begin lineart). I will also send a WIP when the line art/flat colors are in place. If you want additional WIPs, ask!
- 2) Only minor changes are allowed after the sketch stage!
- 3) Please request alternate versions BEFORE the sketch is approved, not after the commission is finished! (depending on complexity, alts can be free or cost \$5-50 extra)
- 4) If you are commissioning NSFW, you agree you are over 18 years of age (and may be asked for verification if your age is unclear). You are responsible for reading all of the NSFW terms and conditions and noting the additional fees
- 5) All commissions are for PERSONAL USE ONLY. You are not permitted to reproduce the work for commercial use or claim that you are the artist
- 6) You can expect a reply to messages within 2 days. I am usually very busy so I don't check Twitter every day
- 7) REFUND POLICY: a full refund can be issued if the commission has not started yet or if it is only at the sketch stage. At the lineart stage, a 50% refund can be given. If the piece is almost completed or completed, a refund will not be available due to the work having been done already.
- 8) If you refund your commission and you have already seen WIPs, I reserve the right to reuse the pose/idea in the WIP for other art! I will not reuse your character in any way.
- 9) I may ask if I can post your commission (with a watermark+tagging your account) to my twitter, this is completely optional for you. However, I reserve the right to use your comm (with watermark) as an example piece if needed!
- 10) I reserve the right to deny a commission without providing a reason, or cancel a commission (with full refund) at any time.

- 11) I schedule commissions around my monthly comic. On my carrd it states clearly that commissions will be completed within **4 weeks of payment being received**. If you try to rush the commission with frequent DMs you will most likely be pushed to the back of the queue unless you explain your reason beforehand (ex. needing a gift completed before a friend's birthday)

- 12) YCH Policy: I start the bids quite low to allow more people a chance to bid. The amount of detail may be dependent on the final price. Very high bids will tend to receive bonus art as my way of thanks!

Please send a DM on Twitter if you have other questions
