2018-2019 Senior Design Mentorship Program

Thank you again for your willingness to assist with our senior design projects and participating in our **Senior Design Mentorship Program.** We really appreciate your time and effort in helping the EE Department.

Using the table below, kindly, confirm your availability for a face-to-face or an online presentation on **8/22 -9/12 between 5:30-8:10 pm**. We suggest you take 15-20 minutes to present your idea(s). Please give students 5-10 minutes to ask questions. Here is the link to the table:

During your presentation, please consider addressing the following:

1. What is your field of work? What do you do?
2. What exactly is your idea(s)? Be clear please! If you make it too complex no one will choose your project idea! Make it exciting and interesting! you don't have to have all the details.
3. Why do you think your idea is useful and important?
4. What type of marketable skills the students gain as the result of working on this project?
5. What type of related job opportunities are available for these kinds of projects? Please be specific.
6. What type of assistance do you offer to the students? Do you offer financial assistance towards purchasing the parts?

Thank you again your assistance.

5:30 pm - 8:10 pm on Wednesdays
